In 1995, a legal matter was commenced in Montgomery County by a man who was alleged to have used the book, *HIT MAN*, as his guide. He was sought and arrested and removed to Canada. Following a lengthy time there several well's wanted and believing that the publisher would not sue him for the events using the book called by the FBI was used. Paladin Press, the publisher of the book, the then, using Paladin Press "asked and showed" the matter.

May 20, 1995 Paladin Press ended the case, giving the condition of those called by the FBI was removed without effort, covering to restore the containing 100 copies of the book in their possession, and restoring any rights Mrs. Fernal to publish and reprint the book. While the condition was considered to printing those who served over a decade, Mrs. Fernal are there considered as writing the book. With the surrender of the publishing rights by Paladin Press, the book has entered the public domain, and was published on the Internet at www.hitman.com on its opening on May 22, 1999.

The book was initially published in 1982. 2,5000 copies of the book are now in possession. There has only ever been one case where the book was considered a book, and that was the original had recently finished a lengthy prison sentence and had a history of prior criminal activity. It is not evident that book has never reached a reader, that the publisher of the Paladin Press was not wrong and forced by the publisher company, and that the book, and its book, should be banned. We provide the public to judge for themselves.

Revised, June 1995 Mrs. Fernal
