Kids Under Construction Rick Pavlu, 2014-09-14 *Children Under Construction* Drew Chappell, 2010 This edited collection explores the roles of material culture in socializing young people through their play Authors explore notions of play from diverse cultural viewpoints as well as the impact of technology on play and the kinds of resistant and liberatory play children might partake in Informed by the field of performance studies the book considers play as performance asking questions about embodiment at physical relational and ideological levels and considering performance to be part of identity construction as well as a component of enculturation into various societies Of interest are the ways in which children try on various identities through their play and how these identities may re define their attitudes values and beliefs As curriculum and instruction have become open to the use of games and children s material culture more generally as a forum for learning intersections have emerged between schooling and culture at large This book broadens the scope of learning to investigate how these cultural artifacts are open or closed to multiple perspectives and narratives as well as how their use is constituted both in and out of the classroom

Kids Under Construction Ricki Pavlu, 2007-03-03 **Resources in Education**, 2001-10 **Under Construction** Laurel Kendall, 2001-09-30 Since the late 1960s the lives of south Koreans have been reconstructed on the shifting ground of urbanization industrialization military authoritarianism democratic reform and social liberalization Class and gender identities have been modified in relation to a changing modernity and new definitions of home and family work and leisure husband and wife Under Construction provides an illuminating portrait of south Koreans in the 1990s a decade that saw a return to civilian rule a loosening of censorship and social control and the emergence of a full blown consumer culture It shows how these changes impacted the lives of Korean men and women and the very definition of what it means to be male and female in Korea In a series of provocative essays written by Korean and Western scholars we see how Korean women and men actively engage and at times openly contest the limitations of gender Under Construction is part of a decisive turn in the anthropology of gender from its early quest for the causes of female subordination to a finely tuned analysis of the historical cultural and class based specificities of gender relations and the tension between gender as an ideological construct and as a lived experience Firmly grounded in the political and economic history of south Korea this long awaited volume fills an important gap in Korean studies and East Asia gender studies in English Contributors Nancy Abelmann Cho Haejoang Roger L Janelli Laurel Kendall June Lee So Hee Lee Seungsook Moon Dawnhee Yim *Fireground Size-Up, 2nd Ed.* Michael Terpak, 2019-06-19 Learn how fireground size up can make your operations efficient effective and safe Fire officers have many decisions to make when they approach a scene decisions that could mean the difference between life and death Pre incident information combined with your on scene size up give the fire officer the advantage of knowing what to expect when arriving and operating at a fire scene In this definitive guide to fireground size up author Michael A Terpak gives firefighters an in depth and expanded review of 15 size up points to help them make decisions that

Education,1909 *Challenging the School Readiness Agenda in Early Childhood Education* Miriam B. Tager,2017-03-27

Challenging the normative paradigm that school readiness is a positive and necessary objective for all young children this book asserts that the concept is a deficit based practice that fosters the continuation of discriminatory classifications Tager draws on findings of a qualitative study to reveal how the neoliberal agenda of school reform based on high stakes testing sorts and labels children as non ready affecting their overall schooling careers Tager reflects critically on the relationship between race and school readiness showing how the resulting exclusionary measures perpetuate the marginalization of low income Black children from an early age Disrupting expected notions of readiness is imperative to ending practices of structural classism and racism in early childhood education **Early Years for Levels 4, 5 and Foundation Degree**
