Plouvier** Léon GOZLAN, 1867 **Philip the Bold** Richard Vaughan, 2002 A biography of Philip and a study of the emergence of the Burgundian state under his aegis in the years 1384 1404 paying particular attention to his crucial acquisition of Flanders There is comprehensive analysis of how Philip's government worked Boydell Vaughan's meticulous explorations of the administrative and financial structures that underpinned ducal authority and of the court and its culture are integral to his exposition His achievement remains monumental There are no comparable modern in depth studies of these four larger than life players on the late medieval European stage in English or in any other language They are besides eminently readable Maurice Keen TIMES LITERARY SUPPLEMENT When in 1363 the duke of Burgundy died without an heir the duchy returned to the French crown John II's decision to give it to his fourth son Philip had some logic behind it given the independence of the inhabitants but in so doing he created the basis for a power which was to threaten France's own existence in the following century and which was to become one of the most influential and glittering courts of Europe Much of this was due to the character of Philip the Bold by marrying the daughter of the count of Flanders he inherited the wealth of the great Flemish towns in 1384 and the union of the two great fiefdoms to the north and east of France under one ruler meant that the resources of the duke of Burgundy were as great as those of the kingdom itself From 1392 onwards he was at loggerheads with the regent of France his brother Louis duke of Orleans and this schism was to prove fatal to the kingdom weakening the administration and leading to the French defeat by Henry V in 1415 Richard Vaughan describes the process by which Philip fashioned this new power in particular his administrative techniques but he also gives due weight to the splendours of the new court in the sphere of the arts and records the history of its one disastrous failure the crusade of Nicopolis in 1396 He also offers a portrait of Philip himself energetic ambitious and shrewd the driving force behind the new duchy and its rapid rise to an influential place among the courts of Europe **1995** Massimo Mastrogregori, 2014-02-21 Annually published since 1930 the International bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the
