The Book Of Dragon John Todd Hewitt,2010-12-27 In the pursuit of knowledge one man is forced to put his ideals on hold for monetary help In the course of his Archeological investigation he comes across a history of the world some 100 000 years in the past a place where power was not just measured in arms and gold but in spells and the alliance between humans and dragons An age where the unbelievable was commonplace and the magical an everyday thing Seremitter grows into a man with our translator helping us to see him and his brother from another mother the Draconian that he shares his rank with and his place among the wizards of our long forgotten past John Todd Hewitt An Official Guide to Eastern Asia: East Indies Japan.
