Using Art to Teach Writing Traits Jennifer Klein, Elizabeth Stuart Whitehead, 2018-11-23 Our purpose for writing this book is so that children can become better communicators by expressing their thoughts feelings and ideas The ability to communicate is a universal goal in society If children can better communicate in their speaking and writing clearer more precise messages will be received and communication around the world will be strengthened The writing traits are a way for teachers and children to discuss and analyze written pieces for strengths and needs in order communicate their thoughts and expresses their ideas through writing in a way that touches their audience Adding art into this established process will allow children to learn about the writing traits in a text free environment before applying the traits to their own writing Children will learn how artists communicate their thoughts feelings and ideas and how the traits that writers use are similar to the traits that artists use in order to better communicate express themselves and process the world around them In addition we will discuss the revision and editing process Art is an exciting and engaging subject for students This book will allow children to transfer their knowledge of how artists use the traits to how writers use the traits and then to how they can utilize the traits in their own writing to better communicate with their audience and process the world around them **A Field Guide to the Classroom Library** Lucy Calkins, 2002 Provides comprehensive and accessible leveled lists and guides for 1 200 children s trade books for kindergarten through 6th grade to help teachers build classroom libraries **A Guide to the Writing Workshop** Lucy Calkins, 2006 *Writing Workshop* Lucy McCormick Calkins, *Small Moments* Lucy Calkins, Abby Oxenhorn Smith, Rachel Rothman, 2013 **Already Ready** Katie Wood Ray, Matt Glover, 2008 From the very first chapter of this informative and inspiring book a clear picture emerges of how even three and four year olds capacities for serious authorship can and should be supported Lillian G Katz Coauthor of *Young Investigators The Project Approach in the Early Years* By the time they reach preschool or kindergarten young children are already writers They don t have much experience but they re filled with stories to tell and ideas to express they want to show the world what they know and see All they need is a nurturing teacher like you to recognize the writer at work within them All you need to help them is *Already Ready* Taking an exciting new approach to working with our youngest students *Already Ready* shows you how by respecting children as writers engaged in bookmaking you can gently nudge them toward a lifetime of joyful writing Katie Wood Ray and Matt Glover guide you through fundamental concepts of early writing Providing numerous helpful examples of early writing complete with transcriptions they demonstrate how to make sense of children s writing and interpret how they represent sounds ideas and images see important developmental signs in writers that you can use to help them grow further recognize the thinking young children engage in and discover that it s the same thinking more experienced writers use to craft purposeful thoughtful pieces Then Ray and Glover show you how little ones can develop powerful understandings about texts and their characteristics the writing process what it means to be a writer You ll learn how to support your writers quest to

make meaning as they grow their abilities and refine their thinking about writing through teaching strategies such as reading aloud working side by side with writers sharing children s writing Writing is just one part of a busy early childhood classroom but even in little doses a nurturing approach can work wonders and help children connect the natural writer inside them to a life of expressing themselves on paper Find that approach share it with your students and you ll discover that you don t have to get students ready to write they re Already Ready
