Sauce of Life Tan Kheng Yeang,2012-04-09 Lai Pek is a self made man and

proud of it He has reached middle age a successful businessman and patriarch of a thriving family His outlook on life is smug self satisfied and complacent But no one goes through life unscathed and like a tiger silently creeping through the jungle adversity stalks Lai Pek striking swiftly Faced with a formidable business rival a horrifying tragedy at his rubber plantation and a shocking crime that threatens the lives of those dear to him Lai Pek must reassess his values and draw on an inner strength that he may not possess if he is to survive the crises that life has thrown at him Set in a small town in peninsular Malaya in the 1930s the story takes place against the colourful backdrop of the lives and customs of the Chinese denizens and the inexorable encroachment of modern ideas and influences on their long held values and ways of life *Struggle*

*Toward Extinction* Tan Kheng Yeang, 2015-11-25 Brother and sister Ban Siew and Chye Hoon work at a resort hotel owned by their father in Penang Malaysia Both enjoy and are dedicated to their work but their personal lives are another story Ban Siew struggles in a stormy marriage to Gaik Choo plagued by his wife's coldness and infidelities His hopes to salvage their tattered union quickly dim Heartbroken and humiliated he is faced with a life changing decision Meanwhile Chye Hoon is married to Jin Tek an up and coming executive in the property development business Although not completely unhappy in her marriage Chye Hoon feels neglected and lonely as her husband relentlessly pursues his career When she meets a handsome young man named Boo Hong in the hotel restaurant that she managed their attraction is undeniable Torn between two worlds Chye Hoon must make a choice that will inevitably bring heartbreak and pain Her husband oblivious to his wife's struggles continues his meteoric rise in real estate unaware that a clash with squatters may soon bring unexpected and deadly consequences to his family In this thrilling family saga a brother and sister deal with unfulfilling marriages and business conflicts that may threaten their family's fortune and their lives **The Material Structure** Tan Kheng

Yeang, 2014-02-05 The conflict between the material side of human existence and that of our spiritual and philosophical beliefs is as old as humanity itself but one side of the equation is as important as the other and no society can hope to sustain its existence without an equitable balance between the two In this thoughtful and thought provoking volume the author offers a unique perspective on the system of concrete tangible products produced by humankind that form the physical foundation of society He calls this system the material structure However this book is not intended as a scientific study of the production distribution and consumption of goods that is the realm of economics rather it provides an overview of the totality of products created by humans for human consumption and assesses their role as a constituent of civilization The subject of this study could also be designated as productology The development and growth of the material structure have occurred in an inconsistent haphazard fashion Advancements in science medicine and technology have contributed to the creation of a chaotic mass of unrelated products Even the advent of mechanization has failed to yield any further insights into the conglomeration of products that form an integral part of today's world This volume proposes to give unity to the material structure by classifying its components into divisions determining the principles and rules that govern or should govern it

and relating it to the other constituents of civilization including philosophy and religion which throughout history have often been inimical to the material side of human existence The author presents a cogent and persuasive argument that in order to survive civilization needs one component as much as the other The key is to achieve an equitable balance between these two dichotomies something which to date no society has been capable of accomplishing This book provides a fascinating and fresh approach to an age old enigma that has plagued humankind since the dawn of our existence *Dark Days* Tan Kheng Yeang,2011-04-18 In 1941 Tan Kheng Yeang is a student at the University of Hong Kong as the maelstrom of war engulfs the Pacific Theatre In December after many days of brave resistance the colony of Hong Kong finally falls to the Japanese and Yeang is unwittingly caught up in that horror that ensues In this personal memoir Yeang shares the hardships suffered by the people of China during World War II as the result of Japanese militarism With a poignant narrative style Yeang details the brutality of invading forces that seemed to know no bounds as they massacre rape and lootturning a splendid city into a region of misery destroyed by the constant humiliations inflicted by Japanese soldiers As the atrocities continue and the death toll climbs Yeang details how he and his classmates made the fateful decision to flee to mainland China As they embark on a compelling journey of human endurance and determination the refugees struggle across China and face difficult climate conditions unreliable modes of transportation and primitive living conditionsall while fearing further pursuit and attacks by the enemy *Dark Days* shares an unforgettable glimpse into how rampart militarism forever changed the lives of ordinary people A Dictionary of High Frequency Function Words in Literary Chinese MEI AH.
