Zech,2013-04-18 Astronomy and Astrophysics Abstracts which has appeared in semi annual volumes since 1969 is devoted
to the recording summarizing and indexing of astronomical publications throughout the world It is prepared under the
auspices of the International Astronomical Union according to a resolution adopted at the 14th General Assembly in 1970
Astronomy and Astrophysics Abstracts aims to present a comprehensive documentation of literature in all fields of astronomy
and astrophysics Every effort will be made to ensure that the average time interval between the date of receipt of the original
literature and publication of the abstracts will not exceed eight months This time interval is near to that achieved by monthly
abstracting journals compared to which our system of accumulating abstracts for about six months offers the advantage of
greater convenience for the user Volume 18 contains literature published in 1976 and received before March 1 1977 some
older literature which was received late and which is not recorded in earlier volumes is also included
