Social and Regional Variation in World Englishes Paula Rautioaho,Hanna Parviainen,Mark Kaunisto,Arja Nurmi,2022-09-30 This collection charts the evolution of grammatical variation in Englishes from Late Middle English to the present using corpus linguistic tools to address divergence and convergence in local and global perspectives The book considers both diachronic and synchronic perspectives in grammatical variation across varieties of English across the UK North America Europe Africa and Asia The volume reflects on the questions of whether patterns of variation diverge or converge and to what extent catalysts for change are shared in time and space Chapters look at different factors in grammatical variation at both the macro and micro level investigating specific linguistic and grammatical features but also at wider phenomena in contact linguistics social patterns social networks and media based corpora Chapters progress from the local to the global all with an eye towards using the latest methodological approaches from corpus linguistics to shed light on the affordances of data informed methods to study grammatical change and the possibilities for future research This book will be of interest to students and scholars in sociolinguistics corpus linguistics and World Englishes

Bank Insolvency Law in Developing Economies Kayode Akintola,Folashade Adeyemo,2022-12-30 The subject of bank stability has been under a great amount of political and legislative scrutiny since the mid 2007 to late 2009 global financial crisis However these efforts have centred on developed economies Little coverage is given to strategies adopted by many developing economies While there is a global discourse on the subject of insolvency generally there is ample scope to contribute to the growing body of work on the narrow subject of bank insolvencies This book provides a unique perspective on an emerging theme in at least two respects First is the focus on selected developing economies and selected developed economies in the EMEA region alongside cross border developments with the objective of deciphering the regulatory approach to bank insolvencies The second is the analytical consideration of methods that may be implemented to preclude or resolve bank insolvencies in developing economies This book explores the nexus between developing economies and their banking

institutions Developing economies are acutely dependent on their banks for the functioning of their cash based economies Recent events however suggest a weakness in the long term viability of some of their banks and a mixed bag regulatory approach to redress this weakness This book evaluates the effectiveness of regulatory frameworks in selected developing economies that are designed to prevent or resolve the insolvency of banks At a time of global economic uncertainty this book will prove to be a valuable resource to the discourse on the viability of banks businesses and economies in developing States

Parliamentary Papers Great Britain. Parliament. House of Commons,1902 **Creating the Productive Workplace**

Derek Clements-Croome,2017-09-22 The built environment affects our physical mental and social well being Here renowned professionals from practice and academia explore the evidence from basic research as well as case studies to test this belief They show that many elements in the built environment contribute to establishing a milieu which helps people to be healthier and have the energy to concentrate while being free to be creative The health and well being agenda pervades society in many different ways but we spend much of our lives in buildings so they have an important role to play within this total picture This demands us to embrace change and think beyond the conventional wisdom while retaining our respect for it Creating the Productive Workplace shows how we need to balance the needs of people and the ever increasing enabling technologies but also to take advantage of the healing powers of Nature and let them be part of environmental design This book aims to lead to more human centred ways of designing the built environment with deeper meaning and achieve healthier and more creative as well as more productive places to work *Advances in Visual Computing* George Bebis,Richard Boyle,Bahram Parvin,Darko Koracin,Ryan McMahan,Jason Jerald,Hui Zhang,Steven Drucker,Kambhamettu Chandra,El Choubassi Maha,Zhigang Deng,Mark Carlson,2014-12-02 The two volume set LNCS 8887 and 8888 constitutes the refereed proceedings of the 10th International Symposium on Visual Computing ISVC 2014 held in Las Vegas NV USA The 74 revised full papers and 55 poster papers presented together with 39 special track papers were carefully reviewed and selected from more than 280 submissions The papers are organized in topical sections Part I LNCS 8887 comprises computational bioimaging computer graphics motion tracking feature extraction and matching segmentation visualization mapping modeling and surface reconstruction unmanned autonomous systems medical imaging tracking for human activity monitoring intelligent transportation systems visual perception and robotic systems Part II LNCS 8888 comprises topics such as computational bioimaging recognition computer vision applications face processing and recognition virtual reality and the poster sessions *Elements of Combinatorial Computing* Mark B. Piers Plowman and Its Manuscript Tradition Sarah Wood, 2022 The first full survey of crucial witnesses to the reception of Piers Plowman The fifty plus surviving manuscripts of William Langland's Piers Plowman cast important light on the early public life of this central Middle English work but they have been relatively neglected by scholarship This first full study of the subject examines the textual variants marginal rubrics and companion texts in the manuscripts It illuminates a reception quite distinct from the reformist poems written by Langland's imitators in the Piers Plowman tradition It reveals how the earliest scribes devised various traditional forms of presentation that proved remarkably durable in the poem's subsequent reception even surviving into the age of print Exploring Piers Plowman's appearances in the manuscripts paired unexpectedly with such genres as romance hagiography and travel literature the book demonstrates the surprisingly affective responses of medieval readers to the represented lives of the narrator Will and the title figure Piers the Plowman At the same time it shows that the evidence for individual scribal agendas in particular copies is more ambiguous than often assumed with each book reflecting the activities of an unknown number of hands and an uncertain mixture of design and accident By drawing on evidence from textual scholarship as well as codicological and literary approaches the author offers fresh insight into Piers Plowman's place in literary history and proposes new ways of understanding the late medieval manuscript as a multi-layered collaborative product Sarah Wood is Associate Professor of Medieval English Literature at the University of Warwick Piers the Plowman At the same time it shows that the evidence for individual scribal agendas in particular copies is more ambiguous than often assumed with each book reflecting the activities of an unknown number of hands and an uncertain mixture of design and accident By drawing on evidence from textual scholarship as well as codicological and literary approaches the author offers fresh insight into Piers Plowman's place in literary history and proposes new ways of understanding the late medieval manuscript as a multi-layered collaborative product Sarah Wood is
