[Critical Foundations in Young Adult Literature: Challenging Genres](#) Antero Garcia, 2013-10-11 Young Adult literature, from *The Outsiders* to *Harry Potter*, has helped shape the cultural landscape for adolescents, perhaps more than any other form of consumable media in the twentieth and twenty-first century. With the rise of mega-blockbuster films based on these books in recent years, the young adult genre is being co-opted by curious adult readers and by Hollywood producers. However, while the genre may be getting more readers than ever before, Young Adult literature remains exclusionary and problematic: few titles feature historically marginalized individuals, the books present heteronormative perspectives, and gender stereotypes continue to persist. Taking a critical approach, *Young Adult Literature: Challenging Genres* offers educators, youth librarians, and students a set of strategies for unpacking challenging and transforming the assumptions of some of the genre's most popular titles. Pushing the genre forward, Antero Garcia builds

on his experiences as a former high school teacher to offer strategies for integrating Young Adult literature in a contemporary critical pedagogy through the use of participatory media      *Science Fiction Literature through History* Gary Westfahl, 2021-07-19 This book provides students and other interested readers with a comprehensive survey of science fiction history and numerous essays addressing major science fiction topics authors works and subgenres written by a distinguished scholar This encyclopedia deals with written science fiction in all of its forms not only novels and short stories but also mediums often ignored in other reference books such as plays poems comic books and graphic novels Some science fiction films television programs and video games are also mentioned particularly when they are relevant to written texts Its focus is on science fiction in the English language though due attention is given to international authors whose works have been frequently translated into English Since science fiction became a recognized genre and greatly expanded in the 20th century works published in the 20th and 21st centuries are most frequently discussed though important earlier works are not neglected The texts are designed to be helpful to numerous readers ranging from students first encountering science fiction to experienced scholars in the field      **Children's Writers' & Artists' Yearbook 2021** Bloomsbury Publishing, 2020-07-23 Packed full of inspirational articles from successful writers illustrators and publishing experts the Children s Writers Artists Yearbook once again serves up the best independent advice to writers for children of all ages Covering all aspects of the publishing process across the full range of formats and genres it will appeal to self published writers as well as those seeking an agent publisher or crowdfunded deal Inside are up to date contact details for literary agents publishers prizes and grant giving bodies societies and creative organisations that support writers and illustrators Universally recognised as the first port of call for all writers wanting to improve their work and their chances of getting published this Yearbook contains an impressive raft of advice and notes on every aspect of the business Quentin Blake      *Riders* Veronica Rossi, 2016-02-16 *Riders* A new fantasy adventure from New York Times and USA Today bestselling author Veronica Rossi For eighteen year old Gideon Blake nothing but death can keep him from achieving his goal of becoming a U S Army Ranger As it turns out it does Recovering from the accident that most definitely killed him Gideon finds himself with strange new powers and a bizarre cuff he can t remove His death has brought to life his real destiny He has become War one of the legendary four horsemen of the apocalypse Over the coming weeks he and the other horsemen Conquest Famine and Death are brought together by a beautiful but frustratingly secretive girl to help save humanity from an ancient evil on the emergence They fail Now bound bloodied and drugged Gideon is interrogated by the authorities about his role in a battle that has become an international incident If he stands any chance of saving his friends and the girl he s fallen for not to mention all of humankind he needs to convince the skeptical government officials the world is in imminent danger But will anyone believe him At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied      **Mindsets and Moves** Gravity Goldberg, 2015-08-24 Step back so readers can step forward When it comes to teaching reading Gravity
