**Understanding the Physical and Technical Performance Demands and Recovery Responses to Elite Soccer in the English Championship and Premiership Leagues**, 2015      The Killing of Emiliano Sala HARRY. HARRIS, 2020-01-21

When the single engined Piper Malibu plane carrying Cardiff City's record 15m signing Emiliano Sala crashed into the English Channel on 21st January 2019 killing both the footballer and the pilot David Ibbotson it shone a light on the murky world of football transfers. Using his unrivalled contacts in the game award winning journalist Harry Harris helped the resulting investigation in the Daily Telegraph to uncover the way in which agents and clubs work. Emiliano Sala was a relative unknown for most of his career the Argentinian had been at half a dozen clubs in French football without making much of an impact but when he hit a goalscoring hot streak in the autumn of 2018 his timing was perfect as the January transfer window approached. When Mr Fix It agent Willie McKay approached his club Nantes for an agreement to handle the sale of their striker promising a deal in the region of 20m Euros their chairman Waldemar Kita leapt at the chance the French club had bought Sala a few years earlier for just 1m Euros. Meanwhile newly promoted Cardiff City had struggled to adjust to life in the richest league in the world. Manager Neil Warnock desperately needed a striker and pinned his hopes on the gangly good natured Argentinian as the man who could keep the Bluebirds among the elite. The player finding himself in demand for the first time in his career may have been initially reluctant to move to the Welsh capital but a new weekly wage offer of 50 000 and the agent's promise that it might lead to a move to one of the top six clubs was far too tempting to turn down. It was a life changing amount of money for him and his family. Controversial agent Willie McKay manoeuvred himself into position to exploit the situation helping his son to negotiate a ten percent cut of the eventual transfer fee and lucrative bonus payments. Many deals are conducted in this way during every transfer window. Unfortunately for those involved here this was the one that ended in tragedy and sparked investigations by more than one UK police force the Air Accidents Investigation Bureau FIFA the Premier League the FA and the FA of Wales. It has already led to the imprisonment of two people with the potential for many more to find themselves in the dock. As the research of investigative journalist Harry Harris shows here The Killing of Emiliano Sala was no accident      Physical Development, and Progression to Professional Soccer, of Elite Child and Adolescent Academy Players Mark Andrew Hulse, 2010      **Glory, Goals and Greed** Joe Lovejoy, 2011. The FA Premier League was born 20 years ago on 23 September 1991 and has since established itself as the most popular club competition in world football. But it was a difficult birth enduring a struggle to survive in the face of

opposition from the players union and the Football League It was touch and go for a year after which the breakaway elite faced a new crisis with the exposure of the game s bungs culture which stained the reputations of Brian Clough and George Graham among others After weathering that storm the new league was threatened again by the very real possibility of financial meltdown which was averted only by a widespread and controversial takeover of many top clubs by predatory owners from overseas Joe Lovejoy who was chief football writer at The Independent at the time reported on the creation of the Premier League and revisits the story in Money Talks interviewing many of the founding fathers to cast new light on its arrival Later as chief football correspondent at the Sunday Times Lovejoy had an up close and personal view of all the main events and has spoken again to those involved to shed new light on the best matches best *FPL Elite* Matt
