Eternal Samurai English Edition:

A Foreigner's Cinematic Dream of Japan Iris Haukamp, 2020-11-26 In early 1936 a German film team arrived in Japan to participate in a film coproduction intended to show the real Japan to the world and to launch Japanese films into international markets The two directors one Japanese and the other German clashed over the authenticity of the represented Japan and eventually directed two versions The Samurai's Daughter and New Earth based on a common script The resulting films hold a firm place in film history as an exercise in or reaction against politically motivated propaganda respectively A Foreigner's Cinematic Dream of Japan contests the resulting oversimplification into nationalised and politicised dichotomies Drawing on a wide range of Japanese and German original sources as well as a comparative analysis of the German Japanese version and the elusive Japanese English version Iris Haukamp reveals the complexities of this international co production This exclusive research sheds light not only on the films themselves but also on the timeframe of its production with both Filmonomics André de Palma, Luc Leruth, 2025-04-08 What could movies as diverse as The countries at the brink of war Last Samurai Cl o from 5 to 7 or Dr Strangelove have in common Filmonomics has a simple yet intriguing answer economics as the main driving force of the plot or as the main motivation of the characters actions This book analyses how movie makers use economic and financial motives in their plots or to build their characters Have they done it in line with economic theory Or are they proposing a new angle a new perspective that economists should take note of The authors here do not discuss wages in the film industry or the economics of movies What interests them is the economic motivations underpinning the behaviour of fictional characters in their favourite films. They argue that credible movie characters can behave in irrational ways and movie makers occasionally introduce new ideas that economists should take note of A unique contribution this book will be of interest to readers eager to discover what economists have to say about films and film directors It will be indispensable for students and researchers of economics media studies film studies and cultural studies Cooperative School Bulletin ,1926 Four to Fourteen Kathleen M. Lines, 2015-04-09 First published in 1956 this book contains a list of children's books suitable for children from infancy until the early teens The Routledge Handbook to the Ghost Story Scott Brewster, Luke Thurston, 2017-11-14 The Handbook to the Ghost Story sets out to survey and significantly extend a new field of criticism which has been taking shape over recent years centring on the ghost story and bringing together a vast range of interpretive methods and theoretical perspectives. The main task of the volume is to properly situate the genre within historical and contemporary literary cultures across the globe and to explore its significance within wider literary contexts as well as those of the supernatural The Handbook offers the most significant contribution to this new critical field to date assembling some of its leading scholars to examine the key contexts and issues required for understanding the emergence and development of the ghost story The American Diary of a Japanese Girl Yone Noguchi, 2007-02-28 A ground breaking work of Asian American fiction in a brand new edition Sacred High City, Sacred Low City Steven

Heine, 2012 The author argues that lived religion in Japan functions as an integral part of daily life any apparent lack of interest masks a fundamental commitment to participating regularly in diverse though diffused religious practices The book uses case studies of religious sites at two representative but contrasting Tokyo neighborhoods as a basis for reflecting on this apparently contradictory quality **Events That Formed the Modern World** Frank W. Thackeray, John E. Findling, 2012-05-31 This comprehensive five volume set contains readable essays that describe and interpret the most important global events since the European Renaissance some accompanied by related document excerpts and primary source materials What were the effects of the Age of Exploration on today's ethnic groups and social structure How did the development of moveable type pave the way for Facebook and Twitter Why is the Reformation so critical for understanding today s religious controversies.
