Anglophone learners and students French language verb conjugation is what some people consider as too technical to handle As a result writing a French textbook to explain this too technical issue is a welcome decision and practice both to me as a lecturer and to students Most of the time the latter tend to compare the French verb style with that of the English and they conclude that French verbs are more difficult to conjugate Consequently some of them ask questions as to the easiest way to go about learning and mastering the verbs In answer to their questions I decided to write this book which someone described as a nice little piece of work which carries a lot of weight I wrote the 1st edition in 2010 and it was so good that it met the needs of students at that point in time However I came to realize that some topics were missing in the book and this I found out based on the questions that students ask on a daily basis Allied to the above I came up with this revised and updated edition I have reworked the 1st edition and included a lot of important topics which will help learners in mastering the French verbs vis vis conjugation in all the tenses ability to differentiate the moods of the French verbs having an in depth knowledge of voices active and passive a mastery of the direct and indirect object complements by this learners will be able to know the verbs which are direct and indirect complements during the study of pronoun complement Furthermore I have included some sentences with some of the verbs treated herein To cap it all this book also comes in a an audio visual format to help the learner in pronunciation Nevertheless I must add that the audio visual does not contain all that we have in the book In this book you will learn how to conjugate all the French verbs in all the moods and tenses including 1 The Indicative mood the present tense the pass compos the imperfect the future tense etc 2 The Subjunctive mood 3 The Imperative command 4 The Conditional etc Furthermore all is well explained in English Language I sincerely hope that this whole package would satisfy your need as a learner more so as an Anglophone learner In case you should have questions or criticisms please write me on flezaw gmail com or reneecomms gmail com
