Companion to Christian Political Theology Craig Hovey, Elizabeth Phillips, 2015-11-20 This volume explores contemporary Christian political theology discussing its traditional sources its emergence as a discipline and its key issues

Political Theology: A Guide for the Perplexed Elizabeth Phillips, 2012-06-07 There is an increasingly intense interest in political theology amongst contemporary scholars and students Yet while there are many authors engaging in political theology there are very few resources about political theology which aim to orient students and other recent new comers to the field This is a concise and accessible advanced introduction which distinguishes various approaches to political theology and which explores several of the central issues addressed in political theologies Theological students will be able to approach courses and readings in political theology with a renewed confidence with this overview in hand **Vatican II on Church-State Relations** M. Y. Ciftci, 2024-04-17 Should religion and politics be kept apart What should be the relationship between the church and the state M Y Ciftci answers these questions by studying the most important event in the recent history of the Catholic Church The Second Vatican Council 1962-65 The book provides a new interpretation of the Council's teaching on church state relations to better appreciate its flaws and need for reform By paying attention to the often overlooked importance given by the Council to the lay apostolate it reveals how the Council did not reform as is often thought but retained a flawed conception of the laity's role in politics It then proposes a new framework for understanding church state relations using the ressourcement method of returning to scripture and tradition and by a critical dialogue with Oliver O'Donovan and various Protestant biblical scholars of the Powers in the New Testament Ciftci shows how fruitful an self consciously ecumenical approach can be for political theology As most ressourcement theologians have overlooked political issues and since ecumenical theology rarely touches on issues of church state relations this work makes an original contribution to the ressourcement project and to ecumenism **Christians, the State, and War** Gordon L. Heath, 2022-03-14 In *Christians the State and War* An Ancient Tradition for the Modern World Gordon Heath argues that the pre Constantinian Christian testimony regarding the state's just use of violence was remarkably uniform and that it was

arguably a catholic or universal tradition More specifically that tradition had five interrelated and intertwined constitutive areas of consensus that can best be understood as parts of one collective tradition Heath further argues that those five related areas of an early church tradition shaped all subsequent theological developments on views of the state its use of violence and the conditions of Christian participation in said violence Whereas the sorry and sordid instances in the church s history related to violence were times when the church drifted from those convictions of consensus the cases when Christians had a more stellar record of responding to the horrors of the world were times when they lived up to them Consequently the way forward today is for Christians to forgo beginning with the just war pacifist debate and instead to begin by letting their views on war and peace be shaped by that ancient tradition

Worshiping Politics Luke J. Goble,2017-05-08 It is not a secret that the political system in the United States is broken Unfortunately many Christians are ambivalent about or worse yet contributors to that dysfunction Many know they should do something but don t know what to do or how to do it Drawing on insights from history theology and culture **Worshiping Politics** reframes the relationship between faith and politics as one of intentional formation instead of divisive decision making When we focus on how we are formed as people and the church in relationship to our various communities instead of what we think and believe in relation to culture and society it changes the way we engage the world Unlearning our faulty emphasis on the power of our own intellect and learning how to be formed in grace and love for the world through our everyday lives just might make a different kind of politics possible

The Last Judgment Andrew Skotnicki,2016-03-03 In a culture obsessed with law judgment and violence this book challenges Christians to remember that Jesus urged his followers to judge no one bring harm upon no one and follow no law save the law of altruistic love It traces Christian history first to show that Christians of an earlier age took very seriously the gospel injunctions against punitive legal judgment and then how the advent of formal legal codes and philosophical dualism undermined that perspective to create a division between a private Christian spirituality and a public morality of order and legally sanctioned violence This historical approach is accompanied by an argument that the recovery of a Christian ethic based upon unconditional love and forgiveness cannot be accomplished without the renewal of a Christian spirituality that mirrors the contemplative spirituality of Jesus

The Peril and Promise of Christian Liberty W. Bradford Littlejohn,2017-05-05 How do Christians determine when to obey God even if that means disobeying other people In this book W Bradford Littlejohn addresses that question as he unpacks the magisterial political theological work of Richard Hooker a leading figure in the sixteenth century English Reformation Littlejohn shows how Martin Luther and other Reformers considered Christian liberty to be compatible with considerable civil authority over the church but he also analyzes the ambiguities and tensions of that relationship and how it helped provoke the Puritan movement The heart of the book examines how according to Richard Hooker certain forms of Puritan legalism posed a much greater threat to Christian liberty than did meddling monarchs In expounding Hooker s remarkable attempt to offer a balanced synthesis of liberty and

authority in church state and conscience Littlejohn draws out pertinent implications for Christian liberty and politics today

For the Sake of the World Jonas Idestrom, 2010-01-01 The church exists for the sake of the world The crucial ecclesiological question that this book raises is How How does the church exist for sake of the world One can describe the theological reflections in this book as a form of concrete ecclesiology critical theological reflections on the way the church is manifested in social and historical contexts as a social body By using concepts like body queer human rights practices social process and space the manifestations of the concrete church are critically and constructively analyzed from a theological perspective The arguments in the articles were presented at a symposium in Sweden The purpose of the symposium was not to reach consensus but to stimulate creative and critical discussions concerning theology politics and the identity of the church with a focus on Church of Sweden American theologian William T Cavanaugh who has made himself known as a distinct voice in the discussion of ecclesiology and politics participated and contributes with critical and constructive reflections on the relationship between church and state This book offers important arguments and reflections into the discussion on ecclesiology and politics that has relevance far beyond the Swedish context Contributors JONAS IDESTROM WILLIAM T CAVANAUGH ARNE RASMUSSEN HENRIK WIDMARK GORAN GUNNER NINNA EDGARDH ANTJE JACKELIN and OLA SIGURDSON
