Understanding Education for the Visually Impaired Ronél Ferreira, Maximus M. Sefotho, 2020-12-31 The contribution that this book makes to scholarship is regarded as ground breaking as it is based on recent research conducted with teachers on the ground level as well as on research and experiences of practitioners gained over many years In this volume Understanding education for the visually impaired the focus falls on understanding visual impairment within the South African context more specifically on what the

education of these learners entails In addition to the contribution to existing literature in the fields of inclusive education and visual impairment the publication has practical application value for teachers and practitioners who work with and support such learners

Implementing Education Policies Jonathan D. Jansen, Yusuf Sayed, 2001 For the first time in South Africa a critical dialogue has been recorded between government policy makers and academic researchers on the subject of education policy and practice Implementing education policies attends to problems politics and possibilities of implementing the policy goals of the first post apartheid government established in 1994 The value of this book lies in several insider accounts of the policy process told through the voices of the legislators politicians and bureaucrats concerned with steering national value commitments through the education system Running parallel to these practitioner accounts lie a number of critical analyses of the technical capabilities and political designs that explain the trajectory of education reform in the 1990s The dialogue brings together in a developing country context different experiences and analyses of one of the most intractable problems facing all national education systems the persistent gap between policy ideals and practical realities This volume is essential reading for all academics and students of education at higher education institutions as well as teachers researchers and policy makers

web jun 12 2014 this review is devoted to some inverse problems arising in the context of linear elasticity namely the identification of distributions of elastic moduli model

hyperelastic constitutive model for rubber like materials based on - Jun 22 2022

web the stress response is decomposed into two constitutive parts in parallel which are a hyperelastic and a time dependent viscoelastic stress response in order to identify the

stochastic modeling and identification of a hyperelastic - Jun 03 2023

web aug 5 2020 hyperelastic behavior can be described by constitutive model which are mathematical formulation between the stress and the strain generally hyperelastic

inverse parameter identification for hyperelastic model of a - Nov 15 2021

web jul 26 2023 here a modified hyperelastic constitutive model based on the yeoh model is proposed to improve its prediction performance for multiaxial deformation of

a visco hyperelastic constitutive model for rubber considering - Dec 17 2021

web in this procedure a polynomial hyperelastic model was chosen as the constitutive model both uniaxial tension and

compression tests were performed for a polyurea an iterative

stochastic modeling and identification of a hyperelastic - Sep 25 2022

web in this work we propose to identify the constitutive parameters by reconstructing the heat source field according to two different ways a first one that requires the kinematic field

hyperelastic constitutive model parameters identification using - Jan 30 2023

web oct 27 2023 multiple research on pdms modeling have been conducted using these five hyperelastic models with varying results depending on their methodologies and

a parameter identification scheme of the visco hyperelastic - Jan 18 2022

web jun 12 2023 khajehsaeid et al 11 built a three dimensional visco hyperelastic constitutive model for rubber like materials and characterized the hyperelastic
