"The appreciation of the arts makes us human." Do you agree?

Humans are the only beings capable of expressing free will and creativity, and are the only ones with the ability to create from imagination alone. Though we are constantly in the process of creating the arts as a conscious passion or an exclusive activity within the confines of the artistic community, it is what makes us human as it defines the human capacity to create. The appreciation of the arts allows us to reflect on the human condition as it provides social commentary, and allows us to express individuality as well. At the same time, it creates a mass cultural identity, and allows us to connect with one another, thus forming cultural communities. Therefore, the appreciation of the arts is definitely what separates us from other animals. Some may dismiss the appreciation of the arts as a mere pastime, but it is a passion that is essential to our humanity.
