Chapter I

After lights out, all the animals gather in the big barn to hear old Major communicate his strange dream of the previous night. Before doing so, he imparts his life learnings: that the existence of animals is one of toil and drudgery and that Man is the enemy; if animals are to ever achieve better lives then they must unite against Man. Power means to many things:

- political power and government;
- strength, resistance and physical prowess;
- knowledge and wisdom (power for the sake).

Power is not in itself a bad thing, but with great power comes great responsibility... who might oppress you, must first oppress them. Napoleon knows what animals are capable of, and knows that if they are not properly controlled, they will soon get angry. If they are not properly controlled, they will soon get angry. If they are not properly controlled, they will soon get angry.

Napoleon knows what animals are capable of, and knows that if they are not properly controlled, they will soon get angry. If they are not properly controlled, they will soon get angry. If they are not properly controlled, they will soon get angry.

It is ironic that Napoleon gains absolute power, which has been the most obvious power.

Context

As the novel opens, Napoleon is the most powerful animal on the farm. He is the only animal who has been to the city of London, and he has returned with a new coat of arms.
