**American Gurus** Arthur Versluis,2014-04-01 By the early twenty first century a phenomenon that once was inconceivable had become nearly commonplace in American society the public spiritual teacher who neither belongs to nor is authorized by a major religious tradition From the Oprah Winfrey endorsed Eckhart Tolle to figures like Gangaji and Adhyashanti there are now countless spiritual teachers who claim and teach variants of instant or immediate enlightenment American Gurus tells the story of how this phenomenon emerged Through an examination of the broader literary and religious context of the subject Arthur Versluis shows that a characteristic feature of the Western esoteric tradition is the claim that every person can achieve spontaneous direct unmediated spiritual insight This claim was articulated with special clarity by the New England Transcendentalists Bronson Alcott and Ralph Waldo Emerson Versluis explores Transcendentalism Walt Whitman the Beat movement Timothy Leary and the New Age movement to shed light on the emergence of the contemporary American guru This insightful study is the first to show how Asian religions and Western mysticism converged to produce the phenomenon of spontaneously enlightened American gurus

The Legend of Joe Golfer Chris Kalwa, 2014-02-07 The Legend of Joe Golfer offers regular recreational golfers the helpful golf tips and suggestions of a personal caddy at one's fingertips. Whether you're an unskilled beginner or a seasoned advanced level player, this book will improve the quality of your game. For those Joe or Jane Golfers who've recently purchased the best brand name clubs and golfing equipment, available visions of perfectly crisp ball striking and precisely placed shots don't immediately appear in play as advertised. Instead, you continue spraying your bad shots all over the course, like a groundskeeper watering the course grounds for the next day's play. Chris Kalwa has been there; he's done that, and he feels your bad shot aches and pains. In The Legend of Joe Golfer, Chris shares his uniquely crafted golf story, a passionate twelve year journey of endless playing trials and tribulations. This book provides all regular players with a looking glass through which anyone can relate to and connect with. You'll understand why you got addicted to this ancient and beautiful game and learn how you can best prepare for and enhance your enjoyment of golf. **My Baby Got the Yips** Richard

Russell, 2014-07-03 He is not a pro golfer. Nor a successful amateur or a respected writer on the game. He is not a golf commentator or a caddy or a golf guru or a Dutch sports psychologist or ageing golf playing light entertainer. No. Richard Russell is just an ordinary golfer. An under-achieving member of Sunningdale whose only claim to fame is that he never ever wears a sweater, not even in January. He plays at 6, which is the worst handicap anyone can have in golf, too low to win the handicap competition, too high to win the scratch ones. Consequently, his life is one of joint fifteenths and dusty mantelpieces. Part autobiography, part theory, part book of golfing fun, My Baby Got the Yips is unlike any golf book you've ever read. It doesn't lift the lid on the Ryder Cup. It won't reveal the man behind the myth, and it doesn't go behind the scenes at the Majors. This playful memoir of a golfing nobody is concerned with much more interesting and rarely pondered matters. For example, the best way to throw a golf club, the greatest golfer you've never heard of, the ten most marvellous golfing moments, the champion who became a hacker, the impossibility of putting, the civilised splendour of the halfway hut, and the secret of golf. As you reach the end, you will conclude that this is a man who feels about golf the way that millions around the world do. Charming, funny, and wise, My Baby Got the Yips captures the essence of the game and touches everybody who plays it.

**Girl on Fire** Vilasini,2014-03 One major significant yogic thing happened on the last morning As I went into the bathroom I suddenly felt that I was going to faint I slid to the floor which was tiled and cool to the touch In an instant my whole genital area felt like it was on fire I sat there amazed This was the only manifestation of Kundalini I had not experienced It was as if the primal fire was within my own genitals Awe filled my mind Time stood still Then like lightning the energy spiraled up the centre of my being leaving my head with a clarity that was as sharp as a razor I returned to my room and packed my bags There was no way they could invalidate my experience of grace God and I knew that the goddess Kundalini herself was working magic within this being called Vilas

You Will Putt Better, I Guarantee It! A. Craig Fisher, Ph.D.,2014-05-27 Did you ever wonder why your golf scores never improve much even after many years of experience And did you know putting contributes about 40% to your total score making putting the single most important part of your golf game Do you want to improve Then this book is a MUST read Golfers need to understand and come to grips with the harsh realities putting places on them as well as the many factors that impact putting success many more mental than physical therefore this book leaves the fundamentals of putting stroke to others To assist golfers or golfer wannabes the author utilizes his 30 years experience in sport performance enhancement and 60 years of playing golf to provide a framework that will lead to increased putting performance IF you will follow some of

book's suggestions. The book is written in a conversational style with the intent of having the reader interact with material presented, responding to questions, agreeing or disagreeing with a certain perspective and perhaps searching your conscience for the why's and why not's. Innumerable drills and strategies are offered both to improve the physical and mental sides of the golf game. Insights into how and what to practice based on proven approaches are emphasized to counter the haphazard way most golfers typically practice. Putting really is a head game. I certainly enjoyed reading your book. You have brought every act of putting to the surface. FINALLY a putting book that doesn't talk about the stroke the whole time. I truly believe the best formula for making putts is to roll the ball on the correct line at the correct speed. Of the two elements, speed is the most important. The other tangibles that go with it are to read greens correctly and to have confidence in your stroke and read. You seem to have touched on each one of the topics in depth. The object of putting is to putt the ball in the hole, NOT to move the putter in a certain direction or a certain way. The added humor was a nice touch. Good luck with the publishing of the book and sign me up for a finished copy. Nice job. Michael B. Krick, Head Golf Professional, Carolina Trace Country Club, Sanford, North Carolina.

*Capturing Caste in Law* Annapurna Waughray, 2022-05-11. This book is about the legal regulation of caste discrimination. It highlights the difficulty of capturing caste in international and domestic law and suggests solutions. Its aim is to contribute to the task of understanding how to secure effective legal protection from and prevention of discrimination on grounds of caste and why this is important and necessary. It does this by examining the legal conceptualization and regulation of caste as a social category and as a ground of discrimination in international law and in two national jurisdictions, India and the UK, identifying their complexities, strengths, limitations, and potential. Adopting a broadly chronological approach, the book aims to present an account of the role of law in the construction of caste inequality and discrimination and the subsequent legal efforts to dismantle it. The book will be of value to lawyers and non-lawyers, academics and students of human rights, international law, equalities and discrimination, descent-based and caste-based discrimination, minority rights, and South Asia and its diaspora. It will be a resource for legal practitioners and those in the public and non-governmental sectors involved in the implementation.
