Good to Great E. Z. - Reader, 2016-06-03 This is a SHORTENED VERSION of the original book to help you understand the book faster and better. Good to Great Shortened Version Into 35 Pages or Less. Why Some Companies Make the Leap And Others Don't. Good to Great is a book written by American author business consultant and lecturer on the subjects of company sustainability and its economic growth Jim Collins. Collins enrolled Stanford University and studied Mathematic and managed to obtain his MBA which was followed by eighteen months of working as a consultant with McKinsey and Co. Afterwards he worked as a product manager for Hewlett and Packard. Besides writing this book Collins also wrote or co authored all together six books and all of them were based on his research. One of the books he wrote was built to Last a book that was best seller for more than six years and a book that was also translated into twenty five languages. Good to Great Why Some Companies Make the Leap And Others Don't talks about what makes crucial difference between companies that do good and companies that do great business. There the author continues and explains that even though initially there is nothing wrong with good but later that good can and often does prevent us from achieving more of our potential. Good will keep us satisfied with current situation but because of this satisfaction we will be unable and unwilling to try to achieve something more. Things are similar in business. While there are many companies that are good there are only a few companies that exceed at what they do which means that there are many companies that are somewhat stuck in being good. This book offers ways how to understand what distinguishes good and great companies and what each company should do in order to achieve being great which makes it excellent literature for businessmen. Here Is A Preview Of What You Will Get In Good to Great you will get a shortened version of the story. In Good to Great you will find the book analyzed to further strengthen your knowledge. In Good to Great you will get some fun multiple choice quizzes along with answers to help you learn about the novel. Click the Buy Now With One Click Button and learn everything about Good to Great. Summary of Good to Great: by Jim Collins | Includes Analysis Elite Summaries, 2018-04-18 Good To Great by Jim Collins Summary Analysis A Smarter You In 15 Minutes. What is your time worth? Humility is the cornerstone of any successful business. The author of Good to Great skilfully outlined all the challenges it takes for a business to sustain long term meaningful growth. Jim Collins meticulously outlined that great leaders are not over indulgent or self absorbent but are rather focus on the overall success and growth of their organizations. Great leaders

are capable of identifying the best possible solution that can optimize even bad or mediocre companies. Primarily with effective management skills, they have the capabilities to efficiently and effectively transition any company from Good to Great. Collins stated that with optimal thinking, anyone can identify their strengths and weaknesses, then effectively use the information to reconstruct and transform a faltering organization to one of greatness. Collins' Hedge concept beautifully outlined the process of self-discovery. Most importantly, it teaches that you should find something that you are passionate about; once you have discovered that one thing, you can put all your passion into it and work assiduously to create your very own success story.

Summary, Analysis, and Review of Jim Collins's Good to Great. Why Some Companies Make the Leap and Others Don't includes Summary of the book, A Review, Analysis, Key Takeaways, A detailed About the Author section, Preview. In Good to Great, Why Some Companies Make the Leap and Others Don't, Jim Collins posits that most American entities, from the federal government and multi-national corporations all the way down to individuals, are hindered by being good and thus not rising to being great. That good is the enemy of great is not just a business problem; he writes, "It is a human problem." As such, the question naturally arises: Can a good enough government, company, organization, or person become a great one? If so, is there a discrete methodology that might consistently yield a transformation from good to great? Or is the disease of just being good incurable?

5 To answer this question, Collins and his team executed a massive research project spanning five years and totaling a combined 15,000 hours of research for its twenty-one person team. Rather than beginning with a hypothesis and drilling down for confirmation or falsification, Collins and his team started by collecting, coding, and analyzing raw data and existing writing and research. From there, they worked their way up to a set of core practices among organizations that move from good to great, ultimately working up a linear roadmap any organization can follow to make such a transformation.

Summary - Good to Great ... in 30 Minutes, 2012-11-01. Good to Great in 30 minutes is the essential guide to quickly understanding the lessons outlined in Jim Collins's bestselling book Good to Great. In Good to Great, renowned author Jim Collins examines the fundamentals behind the few companies that make the leap to greatness and the many that fail to do so. Built upon five years of research, Collins and his team identified eleven companies who had achieved greatness, defined as outperforming the stock market by a factor of three for 15 years, and discovered that they all exhibited a series of common

factors These factors ranging from the presence of leaders who exhibit personal humility to a company wide understanding of core business goals form the basis for Good to Great and its critically acclaimed lessons With compelling research and fascinating case studies Collins presents the definitive study of how organizations large and small can achieve spectacular sustained results A 30 Minute Expert Summary Designed for those whose desire to learn exceeds the time they have available 30 Minute Expert Summaries enable readers to rapidly understand the important ideas behind critically acclaimed books With a condensed format and chapter by chapter synopsis that highlights key lessons readers can quickly and easily become experts in 30 minutes
