 Michael R. Gordon,2025-08-22 This is the ultimate insider s view of perhaps the darkest chapter of the Forever Wars Michael Gordon knows everyone was seemingly everywhere and brings a lifetime of brilliant reporting to telling this crucial story Retired U S Navy admiral James Stavridis 16th Supreme Allied Commander of NATO and author of To Risk it All Nine Crises and the Crucible of Decision An essential account of the struggle against ISIS and of how Presidents Obama Trump and Biden have waged war In the summer of 2014 President Barack Obama faced an unwelcome surprise insurgents from the Islamic State had seized the Iraqi city of Mosul and proclaimed a new caliphate which they were ruling with an iron fist and using to launch terrorist attacks abroad After considerable deliberation President Obama sent American troops back to Iraq The new mission was to degrade and ultimately destroy ISIS primarily by advising Iraqi and Syrian partners who would do the bulk of the fighting and by supporting them with airpower and artillery More than four years later the caliphate had been dismantled the cities of Mosul and Raqqa lay in ruins and several thousand U S troops remained to prevent ISIS from making a comeback The by with and through strategy was hailed as a template for future campaigns But how was the war actually fought What were the key decisions successes and failures And what was learned In Degrade and Destroy the bestselling author and Wall Street Journal national security correspondent Michael R Gordon reveals the strategy debates diplomatic gambits and military operations that shaped the struggle against the Islamic State With extraordinary access to top U S

officials and military commanders and to the forces on the battlefield Gordon offers a riveting narrative that ferrets out some of the war's most guarded secrets Degrade and Destroy takes us inside National Security Council meetings at which Obama and his top aides grapple with early setbacks and discuss whether the war can be won It also offers the most detailed account to date of how President Donald Trump waged war delegating greater authority to the Pentagon but jeopardizing the outcome with a rush for the exit Drawing on his reporting in Iraq and Syria Gordon documents the closed door deliberations of U S generals with their Iraqi and Syrian counterparts and describes some of the toughest urban battles since World War II As Americans debate the future of using force abroad Gordon's book offers vital insights into how our wars today are fought against militant foes and the enduring lessons we can draw from them

The Struggle for Change

Marvin T. Chiles,2023-12-28 A Black majority city with a history of the most severe segregation and inequity Richmond is still grappling with this legacy as it moves into the twenty first century Marvin Chiles now offers a unique take on Richmond's racial politics since the civil rights era by demonstrating that the city's current racial disparities in economic mobility housing and public education actually represent the unintended consequences of Richmond's racial reconciliation measures He deftly weaves municipal politics together with grassroots efforts examining the work and legacies of Richmond's Black leaders from Henry Marsh on the city council in the 1960s to Mayor Levar Stoney to highlight the urban revitalization and public history efforts meant to overcome racial divides after Jim Crow yet which ironically reinforced racial inequality across the city Compellingly written this project carries both local and broader regional significance for Richmonders Virginians southerners and all Americans
