Entertaining climbing narrative about a destination many dream of visiting Perfect gift for adventure travelers and climbers alike Dorr's story was featured on the Outdoor Life Network's Countdown to the 25 Most Dangerous Places Mount Kilimanjaro is sometimes called Everyman's Everest because it is possible for a novice climber to reach the summit And every year more than 30 000 adventure tourists try But for each person who goes to the mountain there are thousands more who chat about it at cocktail parties making plans to go someday That's how Daniel Dorr got started flirting with a beautiful brunette over hot cocoa and spouting impressive plans Six months later he was lying on the cold gravel trail at 18 000 feet panting and hacking in the darkness Dorr is a typical marketing exec by day but amped up by his reacquaintance with a romantic interest he gained the determination to pursue one of his lifelong dreams summiting Kilimanjaro When Dorr left behind the familiarity of his weekend warrior lifestyle in Southern California to reach the top of the 19 340 foot peak he didn't realize he would cross a threshold to a new way of life As he fondles expensive hi tech gear gets vaccinated for the jungle travels local style across East Africa and vomits on top of the African continent readers share in the rewards both large and small of reaching for personal fulfillment through adventure travel

Kilimanjaro and Beyond Barry Finlay, Chris Finlay, 2017-04 An action adventure about the climb of Africa's tallest mountain Mount Kilimanjaro by a 60 year old man and his son and their subsequent efforts to raise money for the children and women of Tanzania Africa

Kilimanjaro Millennial Style Rodney Parks, 2022-01-28 As someone with no interest in adventure travel I was surprised to find that I couldn't put this book down The narrative is absorbing and engaging the story is told with such authenticity that it captured my imagination the way a good novel would leaving me eager to follow the students journey and find out what would happen next Despite being written by a variety of authors the voice seemed very consistent and the book transitioned smoothly from one chapter to the next I was completely caught up in the students thoughts and emotions I felt as though I was walking alongside them as they faced each challenge getting to know them and cheering them on to achieve their goal I felt fortunate to benefit from the lessons they learned without having to leave the comfort of my warm safe home I enthusiastically recommend this book to anyone who might be contemplating a similar trip or whose child has proposed such a trip and also to anyone who loves to get lost in a fascinating compelling and well told story

Dr Diane Miller Director of Student Academic Services at the University of Georgia Students in Elon University's first adventure based learning course to Tanzania hiked to the top of Mt Kilimanjaro millennial style Then they wrote a book about it The 22 upper level students in the Core Capstone course authored this book in order to share what they learned from their adventure and provide helpful information for those who follow in their footsteps Most travel adventure books about Kilimanjaro are written by older adults and tend to focus on the individual's peak experience Those reading *Kilimanjaro Millennial Style* will quickly grasp the different ways young adults perceive their world how their relationships are deepened where they find adventure and what it means to have an authentic experience

together As one of the authors wrote I would never want to hike to the top of Kilimanjaro again Not because it wasn't the most amazing experience I have ever had but because it wouldn't be with the people that made my experience so extraordinary Kilimanjaro Via the Marangu Route Phil Gray,2006-10-29 I needed a break I needed an off the wall dalliance An all boys adventure in a faraway land An adventure far away from telephones and faxes and lawyers An adventure with an abundance of humor serious physical exertion and danger nominally short of life threatening After a little research and a few phone calls I decided that a climb to the summit of Mount Kilimanjaro in Tanzania with four friends via the Tourist Route would fit the bill In this book the author tells the story of the climb four days up and two days down with a humorous yet sensitive slant describing the perils of altitude the vicissitudes of Mother Nature the enjoyment of multi generational and multi ethnic collaboration the travails of disappointment and the exhilaration of success And where it suits his fancy and does no harm to accuracy he embellishes an observation or encounter to illuminate the pure joy of the experience After all it was about good fun and the telling of it should be too

Kilimanjaro and Beyond (a Life-Changing Journey) Barry Finlay,Chris Finlay,2011-06 A 60 year old man and his son from Ottawa Ontario Canada successfully climb Mount Kilimanjaro in January 2009 The book describes the life changing physical mental and spiritual adventure that they undertook Part of the adventure was their contribution to improving the lives of school children in Tanzania by providing classrooms and clean water through donations they solicited from over 200 donors in Canada

Climbing Mount Kilimanjaro Stephen Carmichael,Susan Stoddard,2002 From the authors own experience comes this highly useful guidebook full of practical advice on how to make it safely to the top of Africa Have you ever dreamed of climbing Mount Kilimanjaro the highest point on the continent of Africa Unlike most of the world's highest mountains this one can be climbed by the average person Carmichael and Stoddard describe the process of planning preparation and execution of their Mount Kilimanjaro adventure The book is intended to be a step by step guide for training making arrangements gearing up and preparing for potential medical problems time differences and language barriers They offer hiking guidelines mental strategies and even photography techniques Their diary of the six day climb gives a vivid description of how they made it up the mountain and back down To order call 800 500 8205 or write MEDI ED Press 5 White Place Bloomington IL 61701
