night was dark the wind blew keenly over the frozen and rugged heath when Agnes pressing her moaning child to her bosom was travelling on foot to her father's habitation Would to God I had never left it she exclaimed as home and all its enjoyments rose in fancy to her view and I think my readers will be ready to join in the exclamation when they hear the poor wanderer's history Agnes Fitzhenry was the only child of a respectable merchant in a country town who having lost his wife when his daughter was very young resolved for her sake to form no second connection To the steady manly affection of a father Fitzhenry joined the fond anxieties and endearing attentions of a mother and his parental care was amply repaid by the love and amiable qualities of Agnes He was not rich yet the profits of his trade were such as to enable him to bestow every possible expense on his daughter's education and to lay up a considerable sum yearly for her future support whatever else he could spare from his own absolute wants he expended in procuring comforts and pleasures for her What an excellent father that man is was the frequent exclamation among his acquaintance And what an excellent child he has well may he be proud of her was as commonly the answer to it Nor was this to be wondered at Agnes united to extreme beauty of face and person every accomplishment that belongs to her own sex and a great degree of that strength of mind and capacity for acquiring knowledge supposed to belong exclusively to the other For this combination of rare qualities Agnes was admired for her sweetness of temper her willingness to oblige her seeming unconsciousness of her own merits and her readiness to commend the merits of others for these still rarer qualities Agnes was beloved and she seldom formed an acquaintance without at the same time securing a friend Her father thought he loved her and perhaps he was right as never father loved a child before and Agnes thought she loved him as child never before loved father I will not marry but live single for my father's sake she often said but she altered her determination when her heart hitherto unmoved by the addresses of the other sex was assailed by an officer in the guards who came to recruit in the town in which she resided *The Voyage of Thought* Michael

Wintroub, 2017-07-13 *The Voyage of Thought* is a micro historical and cross disciplinary analysis of the texts and contexts that informed the remarkable journey of the French ship captain merchant and poet Jean Parmentier from Dieppe to Sumatra in 1529 In tracing the itinerary of this voyage Michael Wintroub examines an early attempt by the French to challenge Spanish and Portuguese oceanic hegemony and to carve out an empire in the Indies He investigates the commercial cultural and religious lives of provincial humanists including their relationship to the classical authorities they revered the literary culture they cultivated the techniques of oceanic navigation they pioneered and the distant peoples with whom they came into contact Ideal for graduate students and scholars this journey into the history of science describes the manifold and often contradictory genealogies of the modern in the early modern world *Framing French Culture* Natalie Edwards, Ben McCann, 2015 Throughout this book the concept of framing is used to look at art photography scientific drawings and cinema as visually constituted spatially bounded productions The way these genres relate to that which exists beyond the frame by means of plastic chemically transposed pencil sketched or moving images allows us to decipher the particular language of
