Baun, M. Vincent, 2010-05-05 Papers presented at the Fifteenth International Conference on Patristic Studies held in Oxford 2007 see also *Studia Patristica* 44 45 46 47 and 48 The successive sets of *Studia Patristica* contain papers delivered at the International Conferences on Patristic Studies which meet for a week once every four years in Oxford they are held under the aegis of the Theology Faculty of the University Members of these conferences come from all over the world and most offer papers These range over the whole field both East and West from the second century to a section on the *Nachleben* of the Fathers The majority are short papers dealing with some small and manageable point they raise and sometimes resolve questions about the authenticity of documents dates of events and such like and some unveil new texts The smaller number of longer papers put such matters into context and indicate wider trends The whole reflects the state of Patristic scholarship and demonstrates the vigour and popularity of the subject      **The Septuagint and Modern Study** Sidney Jellicoe, 1993

Twenty five years after it first appeared Jellicoe's classic work is still one of the most comprehensive introductions to the Septuagint and cognate studies Its completeness makes it valuable not only as a textbook but also as a reference tool for those working in the Septuagint In bringing together the principal features of twentieth century Septuagint studies the author provides a wealth of valuable information The first part of the book traces the origins and transmission history of the LXX The second part moves to a discussion of the various LXX manuscripts versions and critical editions along with a brief discussion of language and style The appendixes bibliography and various indexes increase the resource value of this volume

*Le psautier romain et les autres anciens psautiers latins* Robert Weber (O.S.B.), 1963      **Hymn Introits for the**

**Liturgical Year** Christoph Tietze, 2005 The introit is the entrance song to the eucharistic celebration of the Catholic Church sung to a prescribed text that is thematically linked to the season or the particular celebration and belongs to the category of antiphonal Mass chants The introit chant is the last of the Mass propers to be researched in detail In this groundbreaking study Christoph Tietze presents the history and development of the introit through the ages He has also composed congregational settings of the proper parts of the Mass for the liturgical year This book shows how to make these texts practical for parish use It will help pastors music directors and seminarians better understand the texts for use in today's liturgies Book jacket      **Les anciens répertoires de plain-chant** Michel Huglo, 2023-07-14

The differences between Old Roman Ambrosian Aquileian Gallican and Hispanic chant and their interconnections with each other and the Gregorian chant occupied Michel Huglo in his early career although he returned to these questions in the 1980s and 1990s The present volume the second in the set of four to be published in the *Variorum* series brings all this work together Huglo's 1954 article the first to describe the sources for Old Roman chant recognized as distinct from Gregorian chant is of primary significance for the historiography of Western plainchant because it opened the debate on the relationship between Old Roman and

Gregorian chant The final section presents articles on the Latin version of the Akathistos hymn and on Byzantine chants translated into Latin that became part of the Western plainchant repertory Les différences entre les répertoires Vieux romain Ambrosien Aquilien Gallican et Hispanique leurs influences réciproques et leurs relations avec le chant grégorien ont occupé Michel Huglo au début de sa carrière il revint sur ces questions dans les années 1980 et 1990 Ce volume le deuxième d'une série de quatre dans la collection Variorum réunit toutes ces études L'article de 1954 de Michel Huglo sur les sources du chant Vieux romain considéré comme distinct du grégorien est de première importance pour l'historiographie du plain chant occidental car il a ouvert les débats sur le rapport entre Vieux romain et grégorien Les articles sur la version latine de l'Hymne Acathiste et sur les pièces de chant byzantin traduites en latin dans les répertoires occidentaux du plain chant achèvent ce volume

*The Beneventan Chant* Thomas Forrest Kelly, 1989 Thomas Kelly's major study of the Beneventan chant reinstates one of the oldest surviving bodies of Western music the Latin church music of southern Italy as it existed before the spread of Gregorian chant

*Ancient Worlds in Digital Culture* Claire Clivaz, Paul Dilley, David Hamidović, 2016-08-15 The volume presents a selection of research projects in Digital Humanities applied to the Biblical Studies in the widest sense and context including Early Jewish and Christian studies hence the title Ancient Worlds Taken as a whole the volume explores the emergent Digital Culture at the beginning of the 21st century It also offers many examples which attest to a change of paradigm in the textual scholarship of Ancient Worlds categories are reshaped textuality is re-investigated according to its relationships with orality and visualization methods approaches and practices are no longer a fixed conglomeration but are mobilized according to their contexts and newly available digital tools

**Clément Marot and Religion** Dick Wursten, 2010-05-20 Famous mainly for his chansons and epigrams the French poet Clément Marot 1496-1544 also supplied the texts for the Huguenot Psalter Did he only paraphrase the Psalms to do Marguerite de Navarre the leading lady of reform-oriented France a favour or was there more to it This book offers a new approach to this question which has got stuck in a yes/no discussion A breakthrough is forced by the author's focussing on the Psalm paraphrases themselves which until now have never actually been included in Marot research Analysed from a multidisciplinary perspective the successive versions of these paraphrases reveal that Marot was interested in reaching a consistent literary and historically reliable versification of the Psalms thus implicitly questioning the traditional christological exegesis The author's perusal of Jewish exegetical insights Kimhi Ibn Ezra in Martin Bucer's Commentary shows where Marot acquired a satisfactory hermeneutical framework

**Honorius Augustodunensis, 'Exposition of Selected Psalms'** David Welch, 2023-09-01 The abbreviated Psalms commentary by Honorius Augustodunensis ca. 1070-ca. 1140 a redaction of his own much larger commentary on the entire Psalter participates in a long tradition of Christian interpretation of the Book of Psalms A prolific author closely associated with Anselm of Canterbury Rupert of Deutz and Gilbert of Poitiers Honorius wrote a massive commentary on the Psalms when the so-called school of Laon was at work on the Glossa ordinaria Honorius's work shares the

academic interest of that school while simultaneously serving the devotion of the Benedictine Reform His Exposition of Selected Psalms highlights a tripartite division of the Psalter even as it discovers in the psalms an apocalypticism fitting to the Church in its last age *The Life Course in Old English Poetry* Harriet Soper, 2023-12-07 The first book length study of the whole lifespan in Old English verse exploring how poets depicted varied paths through life This title is part of the Flip it Open Programme and may also be available Open Access Check our website Cambridge Core for details *Old English Psalms* Patrick P. O'Neill, 2016-04-30 The Latin psalms translated into Old English figured prominently in the lives of Anglo Saxons whether sung by clerics studied as a textbook for language learning or recited in private devotion by lay people The complete text of all 150 prose and verse psalms is available here in contemporary English for the first time *The Manuscripts of Sedulius* Carl P. E. Springer, 1995 **A Companion to Alfred the Great**, 2014-12-04 Eleven major scholars of the Anglo Saxon period consider Alfred the Great his cultural milieu and his achievements With revised or revived views of the Alfredian revival the contributors help set the agenda for future work on a most challenging period The collection features the methods of history art history and literature in a newer key and with an interdisciplinary view on a period that offers less evidence than inference Major themes linking the essays include authorship translation practice and theory patristic influence Continental connections and advances in textual criticism The Alfredian moment has always surprised scholars because of its intellectual reach and its ambition The contributors to this collection describe how we must now understand that ambition *An Introduction to the Medieval Bible* Frans van Liere, 2014-03-31 The Middle Ages spanned the period between two watersheds in the history of the biblical text Jerome's Latin translation c 405 and Gutenberg's first printed version in 1455 The Bible was arguably the most influential book during this time affecting spiritual and intellectual life popular devotion theology political structures art and architecture In an account that is sensitive to the religiously diverse world of the Middle Ages Frans van Liere offers here an accessible introduction to the study of the Bible in this period Discussion of the material evidence the Bible as book complements an in depth examination of concepts such as lay literacy and book culture This introduction includes a thorough treatment of the principles of medieval hermeneutics and a discussion of the formation of the Latin bible text and its canon It will be a useful starting point for all those engaged in medieval and biblical studies **Western Plainchant in the First Millennium** Sean Gallagher, 2017-07-05 Taking up questions and issues in early chant studies this volume of essays addresses some of the topics raised in James McKinnon's *The Advent Project* The Later Seventh Century Creation of the Roman Mass the last book before his untimely death in February 1999 A distinguished group of chant scholars examine the formation of the liturgy issues of theory and notation and Carolingian and post Carolingian chant Special studies include the origins of musical notations nuances of early chant performance with accompanying CD musical style and liturgical structure in the early Divine Office and new sources for Old Roman chant *Western Plainchant in the First Millennium* offers new information and new insights about a period of crucial

importance in the growth of the liturgy and music of the Western Church      **An Introduction to the Medieval Bible** Franciscus Anastasius Liere, 2014-03-31 An accessible account of the Bible in the Middle Ages that traces the formation of the medieval canon      Old English Poetics Elizabeth M. Tyler, 2006 A new approach to the study of Old English Poetry featuring close reading of the text its form and style Traditions are created and maintained by groups of people living in specific times and places they do not have a life of their own In this radical new approach to Old English poetics the author argues that the apparent timelessness and stability of Old English poetic convention is a striking historical phenomenon that must be accounted for not assumed and that the perceived conservatism of Old English poetic conventions is the result of choice Successive generations of poets deliberately maintained the traditionality of Old English poetry putting it into dialogue with contemporary conditions to express critique and dissent as well as nostalgia The author makes particular use of the rich language of treasure to be found in Anglo Saxon verse to historicise her argument but her argument has wide implications for how we approach the role of tradition in the poetry of earlier societies Dr ELIZABETH TYLER teaches in the Department of English and the Centre for Medieval Studies University of York      **Wealth and the Material World in the Old English Alfredian Corpus** Amy Faulkner, 2023 A new materialistic reading of the Alfredian corpus drawing on diverse approaches from thing theory to Augustinian principles of use and enjoyment to uncover how these works explore the material world The Old English prose translations traditionally attributed to Alfred the Great versions of Gregory's *Regula pastoralis* Boethius' *De consolazione philosophiae* Augustine's *Soliloquia* and the first fifty Psalms urge detachment from the material world but despite this its flotsam and jetsam from costly treasures to everyday objects abound within them This book reads these original and inventive translations from a materialist perspective drawing on approaches as diverse as thing theory and Augustine's principles of use and enjoyment By focussing on the material it offers a fresh interpretation of this group of translations bringing out their complex often contradictory relationship with the material world It demonstrates that as in the poetic tradition wealth in Alfredian literature is not simply a tool to be used or something to be enjoyed in excess rather in moving away from these two static binaries it shows that wealth is a current flowing both horizontally as an exchange of gifts between humans and vertically as a salvific current between earth and heaven The prose translations are situated in the context of Old English poetry including *Beowulf* *The Wanderer* *The Seafarer* the Exeter Book Riddles and *The Dream of the Rood*      *Discoveries in the Judean Desert: Volume IV. The Psalms Scroll of Qumran Cave XI* J. A. Sanders, 1997-01-16 Originally published 1965 this volume is being reissued to make the entire series available to students and scholars of biblical and post biblical Judaism and early Christianity
