*Experimental Film and Anthropology* Arnd Schneider, Caterina Pasqualino, 2020-05-12 Experimental Film and Anthropology urges a new dialogue between two seemingly separate fields. The book explores the practical and theoretical challenges arising from experimental film for anthropology and vice versa through a number of contact zones: trance, emotions and the senses; materiality and time; non-narrative content and montage. Experimental film and cinema are understood in this book as broad inclusive categories covering many technical formats and historical traditions to investigate the potential for new common practices. An international range of renowned anthropologists, film scholars and experimental film makers engage in vibrant discussion and offer important new insights for all students and scholars involved in producing their own films. This is indispensable reading for students and scholars in a range of disciplines including anthropology, visual anthropology, visual culture and film and media studies.

*Codex* Paul Ardenne, 2004 Rudy Ricciotti was born in 1952 in Algier. He studied in Geneva and Marseilles before opening his own architectural office in Bandol, Bouches du Rhône, in 1980. His early works are characterized by a radical, carefree approach, displaying a variety of forms and full of energy. Since the beginning of the 1990s, Ricciotti has been influenced by the Arte Povera, and his buildings have become more austere and functional, making use of minimalist and low-tech solutions. With the opening of the concert hall in Potsdam and the construction of a footbridge in Seoul, Ricciotti has finally found international recognition. Our publication is a detailed yet critical analysis of his work to date. The first monograph on the work of Rudy Ricciotti, whose architecture is extravagant yet radiates Mediterranean simplicity, is powerfully expressive yet gently ironic.

Elle découvre que le professeur riait des expérimentations controversées sur ses patients. Sa femme a été la victime d'une personne qui aurait mal tourné. Donner la réponse à cette question a été un préalable à retrouver le professeur qui s'est volatilisé. PROPOS DE L'AUTEUR Ingénieur nordiste dirigeant d'une société de conseil sportif, ancien pilote de rallye, Guy Lerbut a ajouté une corde à son arc : celle de la retraite. Il s'est lancé dans l'écriture de romans policiers. Après une trilogie consacrée à son double rôle d'enquêteur amateur, Benjamin Docer, il change d'univers avec un polar militant sciences d'avant-garde, intrigue amoureuse et course poursuite.
