**The demolition** Helmuth Wolters, 2023-10-05 After Corona comes the war Suddenly it becomes clear that Europe has been fooling itself for years with the hope of change through trade And while there is intense debate about arms deliveries yes or no or maybe just 5000 helmets the war reveals another problem the collapse of the supply chain cycle The supply of grain and vegetable oils is decreasing dramatically Ukraine exported over 16 million tons of grain annually mostly to North Africa and the Middle East And while heated debates continue over the approval of Nord Stream 2 Russian gas continues to flow to

Europe via Nord Stream 1 indirectly financing Putin's war. And while possible arms deliveries continue to be debated we lurch into the next crisis.

**Moving Up, Moving Out** Will Cooley, 2018-10-19 In *Moving Up Moving Out* Will Cooley discusses the damage racism and discrimination have exacted on black Chicagoans in the twentieth century while accentuating the resilience of upwardly mobile African Americans. Cooley examines how class differences created fissures in the black community and produced quandaries for black Chicagoans interested in racial welfare. While black Chicagoans engaged in collective struggles they also used individualistic means to secure the American Dream. Black Chicagoans demonstrated their talent and ambitions but they entered through the narrow gate and whites denied them equal opportunities in the educational institutions, workplaces, and neighborhoods that produced the middle class African Americans. Resisted these restrictions at nearly every turn by moving up into better careers and moving out into higher quality neighborhoods but their continued marginalization helped create a deeply dysfunctional city. African Americans settled in Chicago for decades inspired by the gains their forerunners were making in the city. Though faith in Chicago as a land of promise wavered the progress of the black middle class kept the city from completely falling apart. In this important study Cooley shows how Chicago in all of its glory and faults was held together by black dreams of advancement. *Moving Up Moving Out* will appeal to urban historians and sociologists, scholars of African American studies, and general readers interested in Chicago and urban history.
