

The Lunchroom Murder

On a cold and somewhat blustery afternoon, a young woman named Sarah suddenly vanished, and her life went dark.

They identified the body as that of a young woman, approximately 20 years old. Some witnesses were immediately alerted, including several students who were in the nearby gymnasium at the time. The report quickly spread throughout the school.

The school principal, who had received the report, took a difficult decision. He decided to keep the matter confidential, to protect the privacy of the victim and the school's reputation.

However, the murder was not a secret. There is enough evidence to suggest a motive and a suspect.

1) Who was the victim? What was the girl's name? What was her relationship to the school?

2) Who was the suspect? What was the suspect's name? What was the suspect's relationship to the school?

3) What was the motive for the murder? What was the suspect's motive for killing the victim?

4) What was the suspect's relationship to the victim?

5) What was the suspect's relationship to the school?

6) What was the suspect's relationship to the victim's family?
