Estil Permis De Critiquer Israel:

Anti-Zionism, Antisemitism, and the Challenge for Israel Efraim Karsh, Efrat Aviv, 2025-04-25 It has been one of Zionism's foremost credos that so long as Jews continued their millenarian dispersal as small minorities in countless countries around the globe antisemitism would remain unabated Only by reinstating the Jewish people as an equal member of the comity of nations through reestablishment of its own independent state in the ancestral homeland would Jews be able to regain normalcy and respectability and to ameliorate if not eliminate this long hatred What this buoyant prognosis failed to consider however is that the prejudice and obsession that had hitherto been reserved for Jewish individuals and communities would be redirected to the Jewish state Hence nearly 80 years after its establishment by an internationally recognized act of self determination Israel remains the only state in the world whose right to self defence indeed to national existence is constantly challenged not only by its Arab enemies but by segments of advanced opinion in the West The chapters in this volume by a distinguished group of international scholars discusses the origins of this hateful phenomenon and its implications for the state of Israel and world Jewry including the social psychology of contemporary antisemitism the Israelization of Jew hatred and the concept of antisemitism light the anti Israel apartheid and racism calumnies international media delegitimization campaigns and manifestations of antisemitism in the Middle East and East Asia The chapters in this book were originally published as a special issue of Israel Affairs [The Lure of Anti-Semitism](#) Michel Wieviorka, 2007-10-01 Since the beginning of the 21st century France has seen the return of anti-Semitism with attacks desecration of cemeteries insults and threats This book is the outcome of a survey carried out by Michel Wieviorka along with a dozen sociologists He examines different tracks the possible links between anti-Semitism and the presence of a considerable Muslim population in France the hypothesis of a meeting between Islamism and the anti-Semitic extreme left as well as the hypothesis whereby the rise of anti-Semitism is connected with the evolution of the Jewish population in France which is increasingly attracted by a community oriented way of life This book demonstrates that present day anti-Semitism owes as much to factors internal to French society the social institutional and political crisis as it does to the projection of global issues on French soil in particular those which originate in the Middle East He demonstrates that this phenomenon has novel aspects but its more classical features are also borne in mind This rigorous and objective book is the first scientific study of present day French anti-Semitism *Francophone Jewish Writers* Lucille Cairns, 2015 Francophone Jewish Writers examines how Franco Jewish writers depict Israel in autobiographies memoirs and novels exploring how those depictions reflect and inflect current socio political tensions within and between France and Israel [License to Kill: Gaza: Genocide, Holocaust Denial and Hasbara](#) Pascal Boniface, 2025-04-25 The silence on the genocidal situation in Gaza is disturbing How can we explain the double standard when we compare the legitimate indignation provoked by the Russian bombardment of Ukraine with the omerta surrounding the bombardment of the Palestinian civilian population under blockade The drama revolves around a

combination of feelings of guilt cultural solidarity fear of Islam and even hostility to this religion which is presented as a societal and security threat along with colonial memories that have not been properly dealt with and adherence to the concept of a clash of civilizations In the media and among the political class such a mixture gives rise to almost universal support for the actions of the Israeli government License to Kill analyzes the motives and consequences of the denial of the dangers of genocide Those who denounce it are labeled as anti Semites or accomplices of terrorism However the reality is that we are facing a moral bankruptcy and we will not be able to say that we did not know

International Assistance to the Palestinians after Oslo Anne Le More, 2008-03-31 Why has the West disbursed vertiginous sums of money to the Palestinians after Oslo What have been donors motivations and above all the political consequences of the funds spent Based on original academic research and first hand evidence this book examines the interface between diplomacy and international assistance during the Oslo years and the intifada By exploring the politics of international aid to the Palestinians between the creation of the Palestinian Authority and the death of President Arafat 1994 2004 Anne Le More reveals the reasons why foreign aid was not more beneficial uncovering a context where funds from the international community was poured into the occupied Palestinian territory as a substitute for its lack of real diplomatic engagement This book also highlights the perverse effects such huge amounts of money has had on the Palestinian population and territory on Israeli policies in the occupied Palestinian territory and not least on the conflict itself particularly the prospect of its resolution along a two state paradigm International Assistance to the Palestinians after Oslo gives a unique narrative chronology that makes this complex story easy to understand These features make this book a classic read for both scholars and practitioners with lessons to be learned beyond the Israeli Palestinian conflict

La tyrannie de la pénitence Pascal Bruckner, 2006-10-04 Le monde entier nous hait et nous le méritons bien telle est la conviction d'une majorité d'Européens du moins l'Ouest Depuis 1945 en effet notre continent est habit par les tourments du repentir Ressassant ses abominations passées les guerres incessantes les persécutions religieuses l'esclavage l'impérialisme le fascisme le communisme il ne voit dans sa longue histoire qu'une continuité de tueries de pillages qui ont abouti deux conflits mondiaux c'est dire un suicide enthousiaste A ce sentiment de culpabilité toute une littérature intellectuelle et politique donne ses lettres de noblesse appointe l'entretien du remords comme jadis les gardiens du feu Dans cette rumination morose les nations européennes oublient qu'elles et elles seules ont fait l'effort de surmonter leur barbarie pour la penser et se mettre distance d'elle construisant un monde de paix et de prospérité L'Europe a sans doute enfant des monstres elle a dû même coup enfant les théories qui permettent de détruire les monstres Curieusement nous vivons aujourd'hui une situation de repentir sans unique celui-ci n'est exigé que d'un seul camp le nôtre et jamais des autres cultures des autres régimes qui se drapent dans leur pureté supposée pour mieux nous accuser Mais l'Europe accepte trop volontiers le chantage la faute si nous adorons nous flageller et nous couvrir la tête de cendres n'est-ce pas que notre souhait secret est de sortir de l'Histoire de nous abriter peignards dans le cocon de la contrition pour ne plus agir chapper nos

The Tyranny of Guilt Pascal Bruckner, 2012-04-01 Why the West must overcome its guilty conscience to foster a better global future Fascism communism genocide slavery racism imperialism the West has no shortage of reasons for guilt And indeed since the Holocaust and the end of World War II Europeans in particular have been consumed by remorse But Pascal Bruckner argues that guilt has now gone too far It has become a pathology and even an obstacle to fighting today's atrocities Bruckner one of France's leading writers and public intellectuals argues that obsessive guilt has obscured important realities The West has no monopoly on evil and has destroyed monsters as well as created them leading in the abolition of slavery renouncing colonialism building peaceful and prosperous communities and establishing rules and institutions that are models for the world The West should be proud and ready to defend itself and its values In this Europeans should learn from Americans who still have sufficient self-esteem to act decisively in a world of chaos and violence Lamenting the vice of anti-Americanism that grips so many European intellectuals Bruckner urges a renewed transatlantic alliance and advises Americans not to let recent foreign policy misadventures sap their own confidence This is a searing provocative and psychologically penetrating account of the crude thought and bad politics that arise from excessive bad conscience

Integrating Islam Jonathan Laurence, Justin Vaisse, 2006-08-07 Portrays the more complex reality of Muslim integration into French politics and society Special attention devoted to the policies developed by successive French governments to encourage integration and discourage extremism Provided by publisher

An Uncertain Future Robert I. Weiner, Richard E. Sharpless, 2012-08-01 This contemporary oral history based

on interviews conducted over an 18 year period is the first of its kind in English The interviews some repeated with the same subjects over years demonstrate how the Jewish community of Dijon has evolved over time in response to challenges both internal and external The authors provide an introduction to the series of interviews as well as a detailed history of the community A chronology a map of Dijon and photos of many interviewees are included The book also provides an update on recent events in the community a suggested reading list and a bibliography
