État et société en Russie Émile Durkheim, 2002 **La société civile et politique en Russie, son état actuel, les projets de réforme** Charles Ségenas, 1860 *Comprendre l'Ancien Régime russe* Marc Raeff, 1981-12-31T23:00:00+01:00
Le XXe siècle s'honore de travaux de qualité mais personne n'a entrepris d'écrire sur l'Ancien régime russe un ouvrage de synthèse donnant la fois un récit suffisamment complet et ce jugement réfléchi sans lequel il n'y a pas de véritable histoire. C'est ainsi qu'Alain Besançon dans sa préface montre l'intérêt et l'originalité de cet ouvrage de l'un des meilleurs représentants de l'école slavistique américaine. L'histoire de l'Ancien régime russe depuis la vieille Moscovie jusqu'à la révolution de 1917 est saisie à travers la relation tragique de l'état et de la société dont l'impossible rencontre est une explication centrale du phénomène russe.

La Russie Mariia Rubtcova, 2015 English Abstract The history of the Soviet Union was marked by the political will of repeatedly renewed economic and social control. However we can see that behind these wills and institutionalized sacralized control were generally concealed with emergencies unforeseen which put at risk the overall planning. We will see in our article how this balance between planning and flexibility underwent changes between 1917 and the post-Soviet period and the sacred institutions have not generally controlled all planning projects. French Abstract L'histoire de l'union soviétique a été marquée à la fois par des volontés politiques maintes fois renouvelées de contrôler l'économie et le social. Cependant nous pouvons constater que derrière ces volontés affichées et institutionnalisées voire sacrées de contrôler se sont généralement dissimulées des situations d'urgences imprévues qui ont mis globalement en péril les planifications au profit de la création d'institutions réactives palliant les urgences politiques et économiques. Nous verrons cependant dans notre article si cet équilibre entre planification et réactivité a subi des variations entre 1917 et la période postsoviétique et si la sacralisation d'institutions de l'urgence n'a pas fait globalement chouer tous les projets de planification. Nous nous demandons aussi si cette tendance du pouvoir en Russie la planification ne dépasse pas la période soviétique et si du même coup elle ne constitue pas un trait caractéristique de la sacralisation des institutions et du pouvoir politique en Russie. **Société, état et droit en Russie en dépit du modèle occidental** Yaya Gologo, 2022 *L'idée de l'Etat et son évolution en Russie depuis les troubles du 17e siècle jusqu'aux réformes du 18e s.
