Ethical Argument 2nd Edition:

A New Identity of Obligation: Metaphors and Paul's Ethical Argument in Romans 6:1-14 Andrés D. Vera, 2025-06-19 In Romans 6:1-14 Paul corrects an erroneous ethical conclusion drawn from the narrative of God's grace in Romans 3:5. This innovative study employs tools from cognitive linguistics to unveil Paul's sophisticated rhetorical strategy for resolving the indicative imperative tension. By moving beyond traditional theological frameworks, the book shows how Paul presents believers' new identity as defined by a new obligation, illuminating the metaphorical narrative that undergirds Paul's logic. Readers will better understand the importance of conceptual spaces like "in sin" and "in Christ" and how Paul conceptualizes the relationship between believers and their old selves who have been crucified. **Writing That Makes Sense, 2nd Edition**

David S. Hogsette, 2019-11-05 The second edition of *Writing That Makes Sense* takes students through the fundamentals of the writing process and explores the basic steps of critical thinking. Drawing upon over twenty years of experience teaching college composition and professional writing, David S. Hogsette combines relevant writing pedagogy and practical assignments with the basics of critical thinking to provide students with step-by-step guides for successful academic writing in a variety of rhetorical modes. New in the second edition: Expanded discussion of how to write effective thesis statements for informative, persuasive, evaluative, and synthesis essays, including helpful thesis statement templates. Extensive templates introducing students to conventions of academic discourse, including integrating outside sources, interacting with other writers' ideas, and dialoguing with multiple perspectives. Examples of academic writing from different disciplines illustrating essay titles, abstracts, thesis statements, introductions, conclusions, and voice. Expanded discussion of voice in academic writing, including an exploration of active and passive voice constructions in different disciplines and tips on how to edit for clarity. A new chapter on writing in the disciplines. Updated sample student papers. New readings with examples of opposing views and multiple perspectives. *Ecofeminism, Second Edition* Carol J. Adams, Lori Gruen, 2021-12-16 This new edition of

Ecofeminism: Feminist Intersections with Other Animals and the Earth begins with an historical grounding overview that situates ecofeminist theory and activism within the larger field of ecocriticism and provides a timeline for important publications and events. Throughout the book, authors engage with intersections of gender, sexuality, gender expression, race, disability, and species to address the various ways that sexism, heteronormativity, racism, colonialism, and ableism are informed by and support animal oppression. This collection is broken down into three separate sections: *Affect* includes contributions from leading theorists and activists on how our emotions and embodiment can and must inform our relationships with the more-than-human world. *Context* explores the complexities of appreciating difference and the possibilities of living less violently. *Climate* new to the second edition provides an overview of our climate crisis as well as the climate for critical discussion and debate about ecofeminist ideas and actions. Drawing on animal studies, environmental studies, feminist gender studies, and practical ethics, the ecofeminist contributors to this volume stress the need to move beyond binaries and attend to

context over universal judgments spotlight the importance of care as well as justice emotion as well as reason and work to undo the logic of domination and its material implications *Contemporary Moral Arguments* Lewis Vaughn, 2010 Taking a unique approach that emphasizes careful reasoning this reader is structured around 28 key arguments that have provoked heated debates on current ethical issues Publisher description *Instrumental Data for Drug Analysis, Second Edition* Terry Mills, III, 1992-09-17 Compiled with the most sophisticated chromatographic and spectrometric instruments available this complete and self contained seven volume reference provides forensic toxicology and clinical laboratories with up to date information on 1 600 drugs and drug related compounds one of the largest collections of analytical data generated from a single source *Instrumental Data for Drug Analysis* contains timely quality data presented in a large easily usable format It is an essential reference in the libraries of all toxicology analytical chemistry and forensic specialists and laboratories
