Ethical Empowerment Virtue Beyond The Paradigms

**Hualiang Lu, René
Schmidpeter, Nicholas
Capaldi, Liangrong Zu**

Ethical Empowerment Virtue Beyond The Paradigms:

Ethical Empowerment Arthur D Schwartz, 2014 Ethics has long been burdened with a certain perplexity Is self interest or altruism the primary ethical imperative When either perspective is blind to the legitimate interests of the other viewpoint self negating exceptions invariably emerge Thus philosophical arguments such as Ayn Rand s Objectivism or John Stuart Mill s utilitarianism when applied to real issues often become inadequate and dysfunctional Ethical Empowerment Virtue Beyond the Paradigms presents an ethical approach designed to encourage thinking from multiple perspectives that go beyond ideology and dogma By so doing it develops an understanding of ethics and morality that transcends rigid or inapplicable rules by returning to the principle of universal love The result is an ethical framework for unconventional ideas and research that challenges traditional beliefs that are vested in ideological financial and political interests that through various mechanisms seek to maintain the status quo The philosophical principles developed in this book make it possible to examine difficult moral conundrums and seemingly intractable social economic and political issues from new perspectives The limitations of classical ethics have never been more apparent than in today s dysfunctional world Filled with controversial ideas this is a book that is designed to engage the reader and spark healthy debate Among the many issues that are discussed and critiqued in light of the ethical theory developed are the current monetary and economic systems the meaning of social entitlements the dubious virtue of political parties and the potential abuse of scientific paradigms Also discussed are the grounds for belief or disbelief in various claims concerning the suppression of technology and invention and conspiracy theories From the perspective of an ethics that is in harmony with the basic essence of morality a long term view of a peaceful and flourishing world is not merely possible but may with time become inevitable

Reviving and Re-Writing Ethics in Social Research For Commoning the Community Chowdhury, Jahid Siraz, Vadevelu, Kumarashwaran, Hatta, Zulkarnain A., Ashraf, Mahfuz, Bhaumik, Amiya, 2024-03-05 In the continuously changing field of social sciences ethical considerations in anthropological studies pose unprecedented challenges The book Reviving and Re Writing Ethics in Social Research For Commoning the Community embarks on a transformative journey moving beyond historical analysis to address pressing contemporary questions about the norms governing anthropological study Who guards the guardians What ethical challenges does the modern era pose for anthropological sciences These are the critical questions explored in this comprehensive exploration of the ethical landscape of social research As the ethical foundations of social research shift with political intellectual and societal changes there is a pressing need to reassess the purpose of anthropological knowledge and the responsibility of researchers towards the communities they study The book raises vital concerns about the evolving nature of ethical considerations challenging traditional notions of ethical research It highlights the ethical and axiological dilemmas faced by anthropologists in the modern era emphasizing the need for a more community centric approach that actively benefits the studied communities

The Ethical Challenges of Emerging Medical Technologies Arthur L.

Caplan, Brendan Parent, 2020-09-10 This collection of essays emphasizes society's increasingly responsible engagement with ethical challenges in emerging medical technology. Expansion of technological capacity and attention to patient safety have long been integral to improving healthcare delivery but only relatively recently have concepts like respect, distributive justice, privacy, and autonomy gained some power to shape the development, use, and refinement of medical tools and techniques. Medical ethics goes beyond making better medicine to thinking about how to make the field of medicine better. These essays showcase several ways in which modern ethical thinking is improving safety, efficacy, and efficiency of medical technology, increasing access to medical care, and empowering patients to choose care that comports with their desires and beliefs. Included are complimentary ethical approaches as well as compelling counter arguments. Together the articles demonstrate how improving the quality of medical technology relies on every stakeholder, not just medical researchers and scientists, to assess each given technology's strengths and pitfalls. This collection also portends one of the next major issues in the ethics of medical technology: developing the requisite moral framework to accompany shifts toward patient-centred, personalized healthcare.

Gifts of Virtue, Alice Walker, and Womanist Ethics M. Harris, 2010-10-25 Melanie L. Harris dives into the spirituality and life work of Alice Walker, literary genius and poet. Through the lens of Womanist ethics, Harris takes an inside look into the virtues and values that can be lifted from a study of Walker's non-fiction work. This work enlivens the debate in African and African American religious thought about the fluidity of spirituality and widens the conversation to encourage readers to embrace religious traditions inclusive of and beyond Christianity as the foundations for empowerment of both women and ethical values.

Levinas: A Guide For the Perplexed Benjamin Hutchens, 2004-06-08 Continuum's Guides for the Perplexed are clear, concise, and accessible introductions to thinkers, writers, and subjects that students and readers can find especially challenging or indeed downright bewildering. Concentrating specifically on what it is that makes the subject difficult to fathom, these books explain and explore key themes and ideas, guiding the reader towards a thorough understanding of demanding material. Emmanuel Levinas is one of the most influential ethicists of recent times. The importance and relevance of his work has been recognized and celebrated within philosophy, religion, sociology, political theory, and other disciplines. His writing, however, undoubtedly presents the reader with a significant challenge. Often labyrinthine, paradoxical, and opaque, Levinas' work seeks to articulate a complex ideology and some hard-to-grasp concepts. Levinas: A Guide for the Perplexed is the ideal text for the student, teacher, or lay reader who wants to develop a full and effective understanding of this major modern philosopher. Focused upon precisely why Levinas is a difficult subject for study, the text guides the reader through the core themes and concepts in his writing, providing a thorough overview of his work. Valuably, the book also emphasizes Levinas's importance for contemporary ethical problems and thinking.

African Women's Liberating Philosophies, Theologies, and Ethics Beatrice Okyere-Manu, Léocadie Lushombo, 2024-05-02 This volume explores the ethical and philosophical paradigms presented by most of the influential Matriarchs of the Circle of African

Women Theologians It critically evaluates the effectiveness of their ethical and philosophical theories models and frameworks in pursuing justice and liberation for women in Africa and globally The authors address critical questions How have African women theologians reimagined existing ethical paradigms What original ethical and philosophical ideas have they generated How have their ethical frameworks influenced the theologies and interpretations they have developed What purposes do their ethical and philosophical paradigms serve How do these renderings intersect with various social categories including gender race class sexuality capitalism and colonialism What liberating frameworks do they propose The volume further explores the dialogue between distinct African contexts and universal experiences and values It explores how universal themes such as humanity human dignity rights justice motherhood and more can coexist with communal African concepts and themes It contemplates how embracing African approaches engages these themes more globally bringing together particular African contexts of women and the universal ethical philosophical and theological theories models and frameworks to advance the cause of justice and liberation for African women and women worldwide into the future

Handbook of Counseling and Counselor Education Mary Olufunmilayo Adekson,2019-07-23 This comprehensive handbook provides counselors in training counselor educators and professional counselors with the latest information on major contemporary issues impacting the field The design of the book is both conceptual and practical reflecting current trends and issues from the perspective of expert counselor educators and provides an up to date discussion of the importance of multicultural awareness and skills The book is split into helpful sections covering a range of areas including social and cultural diversity neuroscience risk prevention in counseling writing and publishing research and career development Grounded in contemporary research and aligned with the 2016 CACREP core content areas the Handbook of Counseling and Counselor Education is an indispensable resource for both graduate level trainees and professional counselors alike

Ethical Leadership Mendonca, Manuel,Kanungo, Rabindra,2006-12-01 This text explores the nature of ethical leadership in terms of that which is viewed as morally good that which is viewed as technically or professionally competent Drawing on the authors experience in teaching researching leadership it provides a model from which practical strategies can be derived for good effective leadership

Contemporary strategies: Advancing healthcare for HIV, STIs, and beyond Samanta Tresha Lalla-Edward,Anil Chuturgoon,Vinodh Aroon Edward,2023-08-31

A New Virtual Ethics René Reinhold Schalleger,2024-10-07 We are witnessing the collapse of the postwar consensus the implosion of the caring society In times of social economic and political insecurity egotism spreads Many popular videogames follow a logic of consumerist self gratification and self empowerment Deeply political videogames contribute to the transformation of players causing a need for change in what game designers do and how and why they do it Awareness of the socio political and cultural contexts can be promoted by the mainstream videogame market for critical active participation This book focuses on the need for individual self realization in Western societies and how it manifests in the various dimensions of videogames Videogames

remind us that we can never be isolated in a world defined by complexity and interlaced systems Connecting videogames and new Neo Kantian virtual ethics builds upon notions of agency mutual respect and obligation This addresses humans in their entirety as thinking acting and feeling agents through engagement immersion and involvement

Change Agent Church in Black Lives Matter Times Valerie A. Miles-Tribble,2020-05-29 Volatile social dissonance in America s urban landscape is the backdrop as Valerie A Miles Tribble examines tensions in ecclesiology and public theology focusing on theoethical dilemmas that complicate churches public justice witness as prophetic change agents She attributes churches reticence to confront unjust disparities to conflicting views for example of Black Lives Matter protests as mere politics and disparities in leader and congregant preparation for public justice roles As a practical theologian with experience in organizational leadership Miles Tribble applies adaptive change theory public justice theory and a womanist communitarian perspective engaging Emilie Townes s construct of cultural evil as she presents a model of social reform activism re envisioned as public discipleship She contends that urban churches are urgently needed to embrace active prophetic roles and thus increase public justice witness Black Lives Matter times compel churches to connect faith with public roles as spiritual catalysts of change

Pedagogy in Practice: Theoretical Frameworks, Instructional Strategies, and Contextual Influences Rajendra Kumar Shah,2025-03-11 Teaching is an inherently intricate intellectually demanding and multifaceted endeavor Since antiquity eminent educational philosophers from Socrates and Plato to contemporary scholars have engaged in profound discourse on optimizing pedagogical effectiveness With the institutionalization of formal education teaching predominantly evolved within a teacher centered paradigm a model that continues to exert considerable influence in educational settings However mounting critiques of this approach have catalyzed the advancement of learner centered pedagogy Notably Rousseau s advocacy for child centered pedagogy served as a pivotal foundation for subsequent theoretical and practical developments in learner centered pedagogy Consequently efforts are underway to integrate this paradigm to varying degrees into educational systems across the globe During the 1970s the field of education witnessed the emergence of groundbreaking intellectual discourses that critically examined various dimensions of formal education including its objectives pedagogical frameworks curricular structures and assessment methodologies This period also marked the growing recognition of education as an inherently political enterprise inseparable from broader sociopolitical dynamics Within this context the distinguished educational theorist Paulo Freire conducted a profound critique of conventional education systems characterizing them as the banking model of education He vehemently opposed traditional instructional practices advocating instead for a critical and emancipatory pedagogical approach designed to facilitate societal transformation The teaching learning process can be categorized into teacher centered learner centered and transformation centered approaches each with distinct philosophical underpinnings and pedagogical implications However a significant gap persists in the availability of comprehensive scholarly resources that facilitate an in depth assessment of these pedagogical

paradigms How can teacher centered pedagogy be refined to optimize its efficacy Despite its emphasis on active engagement learner centered education has also been subject to critique how can its limitations be systematically addressed to enhance instructional effectiveness Furthermore what constitutes transformative education and how can it be meaningfully integrated into classroom practice These questions are of paramount significance to educators parents students educational administrators and curriculum developers This book endeavors to explore these critical themes with the aspiration that it will provide valuable insights to its readers however modest the impact may be

Handbook of the Sociology of Death, Grief, and Bereavement Neil Thompson, Gerry R. Cox, 2017-04-28 The Handbook of the Sociology of Death Grief and Bereavement sets issues of death and dying in a broad and holistic social context Its three parts explore classical sociology developments in sociological thought and the ways that sociological insights can be useful across a broad spectrum of grief related topics and concerns Guidance is given in each chapter to help spur readers to examine other topics in thanatology through a sociological lens Scholars students and professionals will come away from the handbook with a nuanced understanding of the social context cultural differences power relations the role of social processes and institutions and various other sociological factors that shape grief experiences

J.D. Ponce on Epictetus: An Academic Analysis of Arrian's Discourses of Epictetus J.D. Ponce, 2024-03-17 This exciting essay focuses on the explanation and analysis of Arrian's Discourses of Epictetus one the most influential works in history and whose understanding due to its complexity and depth escapes comprehension on a first reading Whether you have already read Discourses of Epictetus or not this essay will allow you to immerse yourself in each and every one of its meanings opening a window to Epictetus philosophical thought and Arrian's true intention when he created this immortal work

Gender, Genre and Religion Mary Gerhart, Calgary Institute for the Humanities, 1995-07-14 Many feminists today are challenging the outmoded aspects of both the conventions and the study of religion in radical ways Canadian feminists are no exception Gender Genre and Religion is the outcome of a research network of leading women scholars organized to survey the contribution of Canadian women working in the field of religious studies and further to plot the path forward This collection of their essays covers most of the major religious traditions and offers exciting suggestions as to how religious traditions will change as women take on more central roles Feminist theories have been used by all contributors as a springboard to show that the assumptions of unified monolithic religions and their respective canons is a fabrication created by a scholarship based on male privilege Using gender and genre as analytical tools the essays reflect a diversity of approaches and open up new ways of reading sacred texts Superb essays by Pamela Dickey Young Winnie Tamm Morny Joy and Marsha Hewitt among others honour the first generation of feminist theologians and situate the current generation showing how they have learned from and gone beyond their predecessors The sensitive and original essays in Gender Genre and Religion will be of interest to feminist scholars and to anyone teaching women and religion courses

Christian Social Ethics Elmar Nass, 2022-09-21 World events have made clear that liberal society must become more resilient in the face of totalitarian challenges But how is liberal society to do that In this groundbreaking work social ethicist Elmar Nass presents the ethical and anthropological foundations of a liberal social order within a Christian conception of humanity and society in an ecumenical spirit In doing so Nass revives the long neglected discussion on the ethics of order Christian foundations and claims are currently confronted with alternative social ethical concepts from other religions traditions and social philosophies Nass argues that Christian social ethics has a critical role to play as it engages the world Nass vividly discusses fundamental and concrete social challenges for human dignity

freedom and justice such as peace integrity of creation euthanasia family social justice digitalization behavioral economics and many more in the light of the threefold Christian responsibility before God before oneself before one another He articulates ethical orientations derived with clarity from a Christian foundation of values The Christian social ethics system presented by Nass is a transparent value template that can be applied to ever new challenges in the present and in the future With this understanding of social responsibility questions of racism migration gender and sexuality the environment and public health and pandemics among many others can thus be addressed and answered Nass offers a full throated and robust Christian position for the value discussions of our time
