Sacha Golob, Jens Timmermann

Ethical Life Shafer Landau Final:

The Evil of Banality Elizabeth K. Minnich, 2024-10-08 In this expanded edition of *The Evil of Banality* Elizabeth Minnich argues for a tragic yet hopeful explanation of extensive evil her term for systematic normalized harm doing on the scale of genocide slavery sexualized dominance The book now includes a new preface new chapter and expanded afterword addressing ongoing extensive evils the paradox of lying and the importance of developing the thinking without which conscience remains mute Extensive evils are actually carried out not by psychopaths but by people like your quiet next door neighbor your ambitious colleagues There simply are not enough moral monsters to do the long hard work of extensive evils nor enough saints for extensive good In periods of extensive evil people little different from you and me do its work for no more than a better job a raise the house of the family disappeared last week So how can there be hope Such evils are neither mysterious nor demonic If we avoid romanticizing both the worst and best of which humans are capable we can recognize and say no to extensive evil practice and sustain extensive good where they must take root in ordinary lives **Reflections**

on Ethics and Responsibility Zachary J. Goldberg, 2017-02-06 The original essays in this book address the influential writings of Peter A French on the nature of responsibility ethics and moral practices French s contributions to a wide spectrum of philosophical discussions have made him a dominant figure in the fields of normative ethics meta ethics applied ethics as well as legal and political philosophy Many of French s deepest insights come from identifying and exploring the scope and nature of moral responsibility and human agency as they appear in actual events real social and cultural practices as well as in literature and film This immediacy renders French s scholarship vital and accessible to a wide variety of audiences The authors recognized for their own contributions to the understanding of the nature of morality and moral practices offer new and unique positions while exploring expanding and responding to those of French The final chapter is written by French in which he provides both new philosophical insight as well as some reflection on his own work and its influence This book will appeal to philosophers as well as advanced students and researchers in the humanities social sciences law and political science *Wilderness, Morality, and Value* Joshua Duclos, 2022-08-12 What if wilderness is bad for wildlife This question motivates the philosophical investigation in *Wilderness Morality and Value* Environmentalists aim to protect wilderness and for good reasons but wilderness entails unremittent incalculable suffering for its non human habitants Given that it will become increasingly possible to augment nature in ways that ameliorates some of this suffering the morality of wilderness preservation is itself in question Joshua S Duclos argues that the technological and ethical reality of the Anthropocene warrants a fundamental reassessment of the value of wilderness After exposing the moral ambiguity of wilderness preservation he explores the value of wilderness itself by engaging with anthropocentrism and nonanthropocentrism sentientism biocentrism and ecocentrism and instrumental value and intrinsic value Duclos argues that the value of wilderness is a narrow form of anthropocentric intrinsic value one with a religio spiritual dimension By

integrating scholarship from bioethics on the norms of engineering human nature with debates in environmental ethics concerning the prospect of engineering non human nature Wilderness Morality and Value sets the stage for wilderness ethics or wilderness faith in the Anthropocene *The Ethical Life* Russ Shafer-Landau,2010 Brief yet thorough and affordably priced *The Ethical Life* Fundamental Readings in Ethics and Moral Problems is ideal for courses in introductory ethics and contemporary moral problems Featuring thirty nine readings divided into four parts Value Theory Normative Ethics Metaethics and Moral Problems it introduces students to ethical theory and a wide range of moral issues The essays include selections from historically influential philosophers alongside work by contemporary philosophers Designed as a companion reader to Russ Shafer Landau s textbook *The Fundamentals of Ethics* *The Ethical Life* is also comprehensive enough to be used on its own Philosophical Theorizing and its Limits Uri D. Leibowitz,Klodian Coko,Isaac Nevo,2025-02-12 This book brings together scholars from ethics and philosophy of science in order to identify ways in which insights gleaned from one subfield can shed light on the other The book focuses on two radical Anti Theory movements that emerged in the 1970 s and 1980 s one in philosophy of science and the other in ethics Both movements challenged attempts to supply general systematized philosophical theories within their domains and thus invited the reconsideration of what philosophical theorizing can and should offer Each of these movements was domain specific that is each criticized the aspirations to philosophical theories within its own domain and advanced arguments aimed at philosophers within their own specific subfield The innovative systematic comparative examination of these movements by scholars from each domain sheds new light on some familiar debates offers new and exciting paths of research to pursue in each domain provides insight into the place of science and ethics in contemporary life and culture and enables a fresh view on the longstanding and alluring philosophical aspiration for a fully general absolute theory of reality and an ultimate objective foundational theory of knowledge **A Moral Defense of Prostitution** Rob Lovering,2021-07-09 Is prostitution immoral In this book Rob Lovering argues that it is not Offering a careful and thorough critique of the many twenty to be exact arguments for prostitution s immorality Lovering leaves no claim unchallenged Drawing on the relevant literature along with his own creative thinking Lovering offers a clear and reasoned moral defense of the world s oldest profession Lovering demonstrates convincingly on both consequentialist and nonconsequentialist grounds that there is nothing immoral about prostitution between consenting adults The legal implications of this view are also brought to bear on the current discourse surrounding this controversial topic Seven Management Moralities T. Klikauer,2012-09-18 For the first time *Seven Management Moralities* delivers a comprehensive overview of all forms of moral and immoral behaviour displayed by management Utilising Kohlberg s ascending scale of seven moralities the book includes the ethics of Aristotle Kant Utilitarianism Bauman Habermas and Singer Hegel's Moral Corporation Thomas Klikauer,2016-01-26 Hegel s Moral Corporation is about two versions of a corporation one business oriented and dedicated to shareholder value and profit maximisation and one

dedicated to moral life *Sittlichkeit* in Hegelian terms *The Palgrave Handbook of Philosophy and Psychoactive Drug Use*
 Rob Lovering, 2024-10-14 In this Handbook philosophers from around the world address the metaphysics epistemology and value of psychoactive mind altering drug use In so doing they attempt to answer questions such as What does the fact of drug induced mind altering experiences tell us about natures of the mind free will and God What does it tell us about what and how we can know Are drug induced mind altering experiences valuable morally aesthetically or otherwise Is the acquisition of drug induced mind altering experiences ever immoral Should the acquisition of drug induced mind altering experiences ever be legally prohibited The Handbook gives an overview of the current research and sets the stage for future directions in philosophical thought relating to psychoactive drug use **The Reflective Life** Valerie Tiberius, 2010-03-25 How should you live Should you devote yourself to perfecting a single talent or try to live a balanced life Should you lighten up and have more fun or buckle down and try to achieve greatness Should you try to be a better friend Should you be self critical or self accepting And how should you decide among the possibilities open to you Should you consult experts listen to your parents do lots of research Make lists of pros and cons or go with your gut These are not questions that can be answered in general or in the abstract Rather these questions are addressed to the first person point of view to the perspective each of us occupies when we reflect on how to live without knowing exactly what we are aiming for To answer them The Reflective Life focuses on the process of living one's life from the inside rather than on defining goals from the outside Drawing on traditional philosophical sources as well as literature and recent work in social psychology Tiberius argues that to live well we need to develop reflective wisdom to care about things that will sustain us and give us good experiences to have perspective on our successes and failures and to be moderately self aware and cautiously optimistic about human nature Further we need to know when to think about our values character and choices and when not to A crucial part of wisdom Tiberius maintains is being able to shift perspectives to be self critical when we are prepared for it but not when it will undermine our success to be realistic but not to the extent that we are immobilized by the harsh facts of life to examine life when reflection is appropriate but not when we should lose ourselves in experience *On the Moral Right to Get High* Rob Lovering, 2025-06-29 Is getting high immoral In this book Rob Lovering defends the claim that it is not More specifically he argues that recreational drug use of which getting high is a token is neither intrinsically nor generally extrinsically immoral In other words he contends that recreational drug use is neither immoral in and of itself nor generally immoral due to an immoral making factor with which it may be contingently linked e.g. harm Lovering does so by offering two arguments for recreational drug use's *ultima facie* all things considered moral permissibility and critiquing twenty four arguments for its immorality Meant to be a companion to Lovering's *A Moral Defense of Recreational Drug Use* Palgrave Macmillan 2015 which was written for a general audience this book is written for an academic specifically philosophical audience and explores recreational drug use in a deeper more philosophically and empirically rigorous way **The Cambridge History**

of Moral Philosophy Sacha Golob, Jens Timmermann, 2017-12-31 With fifty four chapters charting the development of moral philosophy in the Western world this volume examines the key thinkers and texts and their influence on the history of moral thought from the pre Socratics to the present day Topics including Epicureanism humanism Jewish and Arabic thought perfectionism pragmatism idealism and intuitionism are all explored as are figures including Aristotle Boethius Spinoza Hobbes Hume Kant Hegel Mill Nietzsche Heidegger Sartre and Rawls as well as numerous key ideas and schools of thought Chapters are written by leading experts in the field drawing on the latest research to offer rigorous analysis of the canonical figures and movements of this branch of philosophy The volume provides a comprehensive yet philosophically advanced resource for students and teachers alike as they approach and refine their understanding of the central issues in moral thought

The Bloomsbury Handbook of Ethics Christian B. Miller, 2023-10-19 Updated and expanded to represent the fundamental questions at the heart of philosophical ethics today the second edition of The Bloomsbury Handbook of Ethics covers the key topics in metaethics and normative ethical theory This edition includes 12 fully revised chapters and 3 newly commissioned contributions from a range of esteemed academics who provide accessible introductions to their own areas of expertise The first part of the book covers the field of metaethics including subjects such as moral realism expressivism constructivism practical reason moral psychology experimental ethics and evolutionary ethics as well as two new chapters that respond to ethical debates concerning moral relativism and moral responsibility that enable students and scholars to better navigate this complicated ethical terrain Moving onto normative ethical theory the second part of the book ranges across morality and religion consequentialism and particularism as well as Kantian virtue feminist and Confucian ethics This comprehensive edition provides a one stop resource for students of ethics which includes updated detailed overviews of the field and methodological issues as well as an appendix of additional resources including technical terms in ethics

British Ethical Theorists from Sidgwick to Ewing Thomas Hurka, 2014 Examines a series of British ethical theorists from the late 19th century to the mid 20th century who shared the view that moral judgements can be objectively true have a distinctive subject matter and are known by direct insight

Ethical Issues in Communication Professions Minette Drumwright, 2013-08-15 Dynamic rapid and radical changes are transforming the communication professions provoking major implications for ethics Traditional boundaries blur as media converge relentless competitive pressures cause some forms of communication to atrophy and permit others to explode and technological advances occur daily In this volume a new generation of scholars take a fresh look at the manner in which ethical issues manifest themselves in their areas of research and suggest new agendas for future research This book addresses a wide range of questions from a variety of communication professions Contributors tackle such issues as how to define a journalist in an era when anyone can disseminate information to a global audience how to use advergames crowdsourcing and facial recognition technology in advertising responsibly and how to respond ethically in situations of public crisis communication among many others This volume will be critical reading

for scholars and professionals in media communication and digital arts as well as philosophy government public policy business and law

The Philosophy of Reenchantment Michiel Meijer, Herbert De Vriese, 2020-10-27 This book presents a philosophical study of the idea of reenchantment and its merits in the interrelated fields of philosophical anthropology ethics and ontology It features chapters from leading contributors to the debate about reenchantment including Charles Taylor John Cottingham Akeel Bilgrami and Jane Bennett The chapters examine neglected and contested notions such as enchantment transcendence interpretation attention resonance and the sacred or reverence worthy notions that are crucial to human self understanding but have no place in a scientific worldview They also explore the significance of adopting a reenchanting perspective for debates on major concepts such as nature naturalism God ontology and disenchantment Taken together they demonstrate that there is much to be gained from working with a more substantial and affirmative concept of reenchantment understood as a fundamental existential orientation towards what is seen as meaningful and of value The Philosophy of Reenchantment will be of interest to scholars and advanced students in philosophy especially those working in moral philosophy metaphysics philosophy of religion theology religious studies and sociology

Animal Ethics and Philosophy Elisa Aaltola, John Hadley, 2014-11-24 Debate in animal ethics needs reenergizing To date philosophers have focused on a relatively limited number of specific themes whilst leaving metaphilosophical issues that require urgent attention largely unexamined This timely collection of essays brings together new theory and critical perspectives on key topics in animal ethics foregrounding questions relating to moral status moral epistemology and moral psychology Is an individualistic approach based upon capacities the best way to ground the moral status of non human animals or should philosophers pursue relational perspectives What does it mean to know animals and speak for them What is the role of emotions such as disgust empathy and love in animal ethics and how does emotion inform the rationalism inherent in analytic animal ethics theory The collection aims to broaden the scope of animal ethics rendering it more inclusive of important contemporary philosophical themes and pushing the discipline in new directions

Caring for Families in Court Barbara A. Babb, Judith D. Moran, 2019-01-15 In many US courts and internationally family law cases constitute almost half of the trial caseload These matters include child abuse and neglect and juvenile delinquency as well as divorce custody paternity and other traditional family law issues In this book the authors argue that reforms to the family justice system are necessary to enable it to assist families and children effectively The authors propose an approach that envisions the family court as a care center by blending existing theories surrounding court reform in family law with an ethic of care and narrative practice Building on conceptual procedural and structural reforms of the past several decades the authors define the concept of a unified family court created along interdisciplinary lines a paradigm that is particularly well suited to inform the work of family courts These prior reforms have contributed to enhancing the family justice system as courts now can shape comprehensive outcomes designed to improve the lives of families and children by taking into account both their legal and

non legal needs In doing so courts can utilize each family s story as a foundation to fashion a resolution of their unique issues In the book the authors aim to strengthen a court s problem solving capabilities by discussing how incorporating an ethic of care and appreciating the family narrative can add to the court s effectiveness in responding to families and children Creating the court as a care center the authors conclude should lie at the heart of how a family justice system operates The authors are well known figures in the area and have been involved in family court reform on both a US national and an international scale for many years *Intuition, Theory, and Anti-Theory in Ethics* Timothy Chappell,2015-03-05 What form or forms might ethical knowledge take In particular can ethical knowledge take the form either of moral theory or of moral intuition If it can should it These are central questions for ethics today and they are the central questions for the philosophical essays collected in this volume *Intuition Theory and Anti Theory in Ethics* draws together new work by leading experts in the field in order to represent as many different perspectives on the discussion as possible The volume is not built upon any kind of tidy consensus about what knowledge theory and intuition mean Rather the idea is to explore as many as possible of the different things that knowledge theory and intuition could be in ethics Egoism without Permission Tara Smith,2024-07-15 Ayn Rand controversially defended rational egoism the idea that people should regard their own happiness as their highest goal Given that numerous scholars in philosophy and psychology alike are examining the nature of human flourishing and an ethics of well being the time is ripe for a close examination of Rand s theory *Egoism without Permission* illuminates Rand s thinking about how to practice egoism by exploring some of its crucial psychological dimensions Tara Smith examines the dynamics among four partially subconscious factors in an individual s well being a person s foundational motivation for being concerned with morality their attitude toward their desires their independence and their self esteem A clearer grasp of each Smith argues sheds light on the others and a better understanding of the set in turn enriches our understanding of self interest and its sensible pursuit Smith then traces the implications for a broader understanding of what a person s self interest genuinely is and correspondingly of what its pursuit through rational egoism involves By highlighting these previously underexplored features of Rand s conceptions of self interest and egoism Smith betters our understanding of how vital these psychological levers are to a person s genuine flourishing

Thank you for reading **Ethical Life Shafer Landau Final**. As you may know, people have look hundreds times for their chosen novels like this Ethical Life Shafer Landau Final, but end up in harmful downloads. Rather than reading a good book with a cup of tea in the afternoon, instead they juggled with some malicious bugs inside their desktop computer.

Ethical Life Shafer Landau Final is available in our digital library an online access to it is set as public so you can download it instantly.

Our book servers spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Ethical Life Shafer Landau Final is universally compatible with any devices to read
