

Topic: Mahatma Gandhi (1869-1948)

Introduction

Mohandas Karamchand, popularly known as Mahatma Gandhi, transformed freedom struggle into a National movement with a mass character. He is best known as expert strategist and a psychologist. He considered himself as a man of action and denied the existence of Gandhism. He called his life as "experiments with truth". He is rightly called as the Father of the Nation.

विषय: महात्मा गांधी (1869-1948)

परिचय

Gandhi In Political Theory

Mr. Rohit Manglik

Gandhi In Political Theory:

Gandhi: Selected Political Writings Mahatma Gandhi, 1996-09-15 Based on the complete edition of his works this new volume presents Gandhi's most important political writings arranged around the two central themes of his political teachings satyagraha the power of non violence and swaraj freedom Dennis Dalton's general Introduction and headnotes highlight the life of Gandhi set the readings in historical context and provide insight into the conceptual framework of Gandhi's political theory Included are bibliography glossary and index *Gandhi in Political Theory* Anuradha Veeravalli, 2014 *Gandhi's Political Philosophy* Bhikhu Parekh, 1991-08-09 this book is a gem Joy Huntley Perspectives highly recommended exceptionally insightful Robert N Minor Journal of Church and State Bhikhu Parekh's book will easily rank as one of the most outstanding contributions to the study of Gandhi It is absorbingly interesting sophisticated and subtle in its argument yet easy to read Times Higher Education Supplement a deft and sympathetic portrayal of Gandhi's ideas New Statesman

Gandhi's Political Thought Mr. Rohit Manglik, 2023-12-23 In this book we will study about Gandhi's ideas on Swaraj democracy decentralization political ethics civil disobedience and non violent resistance as instruments of political change

Mahatma Gandhi Mahatma Gandhi, 1996 The first collection of Gandhi's writings to be based on the complete edition of his works this new volume presents Gandhi's most important political writings arranged around the two central themes of his political teachings satyagraha the power of nonviolence and swaraj freedom Dennis Dalton's general introduction and headnotes highlight the life of Gandhi set the readings in historical context and provide insight into the conceptual framework of Gandhi's political theory Complete with bibliography glossary and index **Gandhi and the Contemporary World** Sanjeev Kumar, 2019-12-09 This book develops a critical understanding of Mahatma Gandhi's philosophy and practice in the context of contemporary challenges and engages with some of his key work and ideas It highlights the relevance of Gandhi's legacy in the quest towards peace building equity and global justice The volume examines diverse facets of Gandhi's holistic view of human life social economic and political for the creation of a just society Bringing together expert analyses and reflections the chapters here emphasise the philosophical and practical urgency of Gandhi's thought and action They explore the significance of his concepts of truth and nonviolence to address moral spiritual and ethical issues growing intolerance conflict and violence poverty and hunger and environmental crisis for the present world The volume serves as a platform for constructive dialogue for academics researchers policymakers and students to re imagine Gandhi and his moral and political principles It will be of great interest to those in philosophy political studies Gandhi studies history cultural studies peace studies and sociology **Politics, Symbols, and Political Theory** Asha Kaushik, 2001 The present work enquires into a largely unexplored area in social sciences namely the interaction of politics symbols and culture in both theoretical and applied perspectives Making subtle analytical distinctions between the symbolist and the symbolic and between symbols in politics and political symbols the study reinterprets gandhian philosophy and praxis in terms of political

symbolism The study ably brings out how the shift in perspective from the received western worldview to a rooted point of view might alter the fundamental categories methodology and self understanding of a society in its own setting and relatedness to the outer world The book contends that Gandhi questions not only the bow of the liberal industrial capitalist combine but also the why of their superimpositions on the non west To address the gandhian alternative is thus to address and confront the challenging ethos of our times in relation to both our heritage and the current options at our disposal

Pax Gandhiana Anthony J. Parel, 2016 Notwithstanding his contributions to religion nonviolence civil rights and civil disobedience among other areas Gandhi s most significant contribution is that as a political philosopher While he is not often treated as such Gandhi was as Anthony J Parel argues a political philosopher sui generis both in his philosophical method of constant self criticism and his framework of philosophical analysis Gandhi wrote daily on politics but he did so as an activist political philosophy was to him not just a way of understanding truths of political phenomena but was directly related to understanding those truths in action If realized in action these truths would give rise to new political institutions which in turn would create a corresponding peaceful political and social order Parel dubs this order Pax Gandhiana The main contention of Pax Gandhiana is that peace cannot be achieved by politics alone Peace requires the confluence of the canonical ends of life politics and economics artha ethics dharma forms of pleasure kama and the pursuit of spiritual transcendence moksha Modern political philosophy isolates politics from the other three ends but Gandhi s originality according to Parel lies in the way that he brings all four together In fact Gandhi s political philosophy is relevant not only to India but also to the rest of the world it is a new type of sovereignty that harmonizes the interest of individual states with the community of states Arguing against scholars who dispute a theoretical unity in Gandhi s writings Parel suggests that Gandhi is the preeminent non western political philosopher and in this book he seeks to identify the conceptual framework of Gandhi s political philosophy the Pax Gandhiana

Cosmopolitan Political Thought Farah Godrej, 2011-08-01 Cosmopolitan Political Thought asks the question of what it might mean for the very practices of political theorizing to be cosmopolitan It suggests that such a vision of political theory is intimately linked to methodological questions about what is commonly called comparative political theory namely the turn beyond ideas and modes of inquiry determined by traditional Western scholarship It is therefore an argument for applying the idea of cosmopolitanism understood in a particular way to the discipline of political theory itself As Farah Godrej argues there are four crucial components of this cosmopolitan intervention the texts under analysis the methods for interpreting non Western texts and ideas the application of these ideas across geographical and cultural boundaries and the deconstruction of Eurocentrism In order to be genuinely cosmopolitan Godrej states political theorists must reflect on their perspectives inside and outside various traditions and immerse themselves in foreign ideas languages histories and cultures ultimately relocating themselves within their disciplinary homes The result will be a serious challenge to accepted solutions to political life

Encyclopedia of Political Theory Mark Bevir, 2010-03-18

How do we arrange our collective affairs Why do we live together in the ways we do How ought we to live together All humans think about the world they live in its history and future and the ideals by which they want to live in relation to others How we think today decisively influences the world of tomorrow This encyclopedia attempts to bring greater clarity and understanding to political debate Drawing together a team of international scholars the Encyclopedia of Political Theory examines the ideas of the major political theorists from before Plato to our own times the main schools of political thought the concepts and issues that have captured the imagination and attention of political theorists and some of the main institutions and practices inspired by political thought With more than 450 entries these three volumes provide a quick one stop source to key topics in the field Key Features Examines the global landscape of all the key theories and the theorists behind them Includes specific lists of entries that deal with constitutional thought and democratic thought Refers to distinctive norms and features of various governments legal systems and societies Devotes large parts to the history of ideas about government ethics and society Provides a chronology of political theory to help readers see how a given theorist school or issue fits into the bigger historical picture Key Themes Ancient Thought Applied Ethics Biographies Comparative Theory Constitutional Thought Critical Theory Democratic Thought Early Modern Thought International Theory Justice Liberal Theory Medieval Thought Modern Theory Power and Authority Religious Thought Self and Community This work is designed to serve as a reference source for anyone interested in the roots of contemporary political theory It will be a welcome addition to any academic or public library
