impossible to purge these relations of power but for sadomasochists it is also undesirable to do so It is not only more honest to acknowledge the power that saturates these relations but also more instructive in the sense that S M provides a context in which one learns to exercise power and to submit to it in a responsible way Even in scholarly critical and theoretical discussions of S M the prevailing opinion is that the power exercised in sadomasochism is not real It is of course not real in the sense that slavery and violence no longer has a legal status But reality cannot of course be gauged or even approximated by its legal status alone For most practitioners it is hard to deny the reality of pain of humiliation of degradation in the moment of its enactment One can hardly deny the reality of bringing the whip down on someone s back or of having it sear across one s buttocks
