The EFT Manual Dawson Church, 2017-06-01 This is a new and completely revised edition of the original manual for Emotional Freedom Techniques (EFT), one of the most successful psychology self-help techniques ever developed. Thousands of people tell amazing stories of how it has helped them with psychological problems like anxiety, depression, phobias and PTSD, as well as physical problems like pain and stress. Author Dawson Church is the best known researcher in the field and this manual is based on Clinical EFT, the only version of EFT to be validated in dozens of scientific studies. Step by step you will learn the evidence-based form of EFT used in those studies. You'll discover how you can identify the hidden roots of emotional problems and how to alleviate them using EFT's Basic Recipe as well as advanced techniques. This book shows you how to use Clinical EFT for a variety of common conditions including pain, fears, addictions and cravings, weight issues, insomnia and guilt. With the healing keys of EFT you'll be surprised at how many problems that hold you back can be quickly and easily relieved, opening up new possibilities for your life.

The Essential Digital Interview Handbook Paul Bailo, 2025-09-12 In today's increasingly interconnected world, virtual meetings have become a staple of business practice. Unsurprisingly so has the digital interview. Physical distance between potential employers and job seekers is no longer the impediment it once was for face-to-face engagement. In the past year alone the number of people who use Skype for this purpose has risen from about 300 million to more than 405 million with a whopping 66 percent increase in users who log in from their mobile devices. Moreover, 35 percent of all businesses in the United States use Skype as their primary means of communication. These numbers point to one simple fact: you need *The Essential Digital Interview Handbook*. This book, the first one of its kind, will cover everything you need to know including: How to prepare for your digital interview; How to avoid common pitfalls and mistakes; How to establish a professional presence by using the correct microphone and camera; How and when to take the next step and transition from virtual to in-person. Your next job will likely be waiting for you on the other end of a video conference. These tips will also help you appear more professional for media interviews and presenting online. Let *The Essential Digital Interview Handbook* walk you through the steps to success.
