own in the wild she moves to the farm of Annales and Johan But Douwlina has spent so much time with loving humans that she acts more like an enormous house pet than a wild animal This tender story shows how each animal and human who has been part of her life has helped her first to survive then to thrive and at last to live among her own kind as she was born to do It highlights the bonds between people and animals and reminds us of the importance of being good stewards of the animals who share the planet with us
