I M So Sorry:

Drowning Edith Bleue, 2009-06 Everyday we re bombarded with news With problems With life It s hard to escape it but we find a way to do so anyways We try and escape our lives And we drown ourselves in the world around us We drown ourselves in the news In celebrity gossip In movies Books Television And music We often find ourselves relating to the words of a song How the lyrics fit our life story How that song was written just for us And we drown ourselves in that fantasy world We drown in other peoples problems and also our own But never think of how to fix them and finally escape So for those who never had a father Or for those who never had a parent For those who got their hearts broken For those that sacrificed a great love For those who fell hard for the wrong person For those trying to deal with and get over a tragic heartbreak For those trying to figure themselves out For just everyday problems and worries Drown like I did in having to deal with them and cope with them But at the end of the day learn how to move on from them And never look back again So for now drown yourself in your thoughts and mine Relate your life to mine Your problems and mine Worry about them Deal with them Figure those feelings out Figure out how to make things better for yourself Let all that anger out Let that hate and sadness fall out Let those hidden feelings come out Drown yourself in all of that for now But in the end get that strength to find your own way to save yourself And no longer drown And to finally move on and finally get out

Theater as Liturgy in the Post-Christian Age Matthew Yde, 2024-05-03 This is the first book length study of one of the most talented and exciting American playwrights working today Stephen Adly Guirgis has said that God is the starting point and the finish line of his work and this book identifies him as a playwright with a distinctly Christian sensibility who uses the technique of inculturation to translate the gospel for a secular audience Critics have noted that his plays are peopled with poor suffering minority figures but few have also noted that these figures bear a remarkable similarity to the dispossessed with whom Jesus identifies in Matthew 25 Beginning with his early play Den of Thieves and proceeding through each of his

dramas this work examines Guirgis's plays within a biblical context While noting that Guirgis is a writer of the post Christian age who staunchly resists identification as a Christian playwright the book situates him within the tradition of the drama of ideas as a powerful writer employing a dialectical method to inculcate the New Testament ethos and transform the theater space into a place of sacrament

I Am Radar Reif Larsen, 2015-02-24 The Washington Post G randly ambitious another masterpiece this genre includes some of the greatest novels of our time from Pynchon's V to David Foster Wallace's Infinite Jest That's the troupe Larsen has decided to join and I Am Radar is a dazzling performance The moment just before Radar Radmanovic is born all of the hospital's electricity mysteriously fails The delivery takes place in total darkness Lights back on the staff sees a healthy baby boy with pitch black skin born to the stunned white parents No one understands the uncanny electrical event or the unexpected skin color A childbirth is an explosion the ancient physician says by way of explanation Some shrapnel is inevitable isn't it A kaleidoscopic novel both heartbreaking and dazzling Reif Larsen's I Am Radar begins with Radar's perplexing birth but rapidly explodes outward carrying readers across the globe and throughout history as well as to unknown regions where radio waves and subatomic particles dance to their own design Spanning this extraordinary range with grace and empathy humor and courage I Am Radar is the vessel where a century of conflict and art unite in a mesmerizing narrative whole Deep in arctic Norway a cadre of Norwegian schoolteachers is imprisoned during the Second World War Founding a radical secret society that will hover on the margins of recorded history for decades to come these schoolteachers steal radioactive material from a hidden Nazi nuclear reactor and use it to stage a surreal art performance on a frozen coastline This strange society appears again in the aftermath of Cambodia's murderous Khmer Rouge regime when another secret performance takes place but goes horrifically wrong Echoes of this disaster can be heard during the Yugoslavian wars when an avant garde puppeteer finds himself trapped inside Belgrade while his brother serves in the genocidal militia that attacks Srebrenica Decades later in the war torn Congo a disfigured literature professor assembles the largest library in the world even as the country around him collapses All of these stories are linked by Radar now a gifted radio operator living in the New Jersey Meadowlands who struggles with love

a set of hapless parents and a terrible medical affliction that he has only just begun to comprehend As I Am Radar accelerates toward its unforgettable conclusion these divergent strands slowly begin to converge revealing that beneath our apparent differences unseen harmonies secretly unite our lives Drawing on the furthest reaches of quantum physics forgotten history and mind bending art Larsen s I Am Radar is a triumph of storytelling at its most primal elegant and epic a breathtaking journey through humanity s darkest hours only to arrive at a place of shocking wonder and redemption Cleveland Plain Dealer Larsen s is an extraordinarily lush and verdant imagination blooming wildly on the borders of the absurd and the riotous the surreal and the ordinary Quite unlike any novel I ve read in a long time One doesn t consume it one enters it as part of a literary enactment Brilliant The effort is well rewarded It is both maddening and marvelous I can t wait to see what he pulls off next
