

Tips for Writing an Essay:

When you begin the essay section read the prompt carefully. It will resemble the following prompt, which was used on a prior test:

Mark Twain, American author and humorist, once wrote, "Work and play are words used to describe the same thing under differing circumstances." Is school work or play for you? Why? Use examples from your academic life to support your position in a coherent, meaningful, brief essay.

1. Before writing your essay response, think and plan for about 1-2 minutes. You should try to complete the essay within 15-20 minutes.
2. Develop your ideas fully with interesting details. A one-paragraph response with generalisations is not a fully developed, interesting response. A good response to this essay topic might include vivid details about school that support your opinion of school as work, as play, or as both. An especially good response might help us understand what you are thinking as you sit in the classroom or work at home in the evening.
3. Make sure that the essay reflects who you are as a student and as a human being. Remember that the selection committee will use this essay to form a fuller picture of you. ****
4. Use language that is lively and expressive. The members of the committee want to see the skill with which you write.
5. Reread your essay to check for errors in expression or organization.
