it seems that Marguerite is there ahead of him Beautiful intelligent apparently conniving Marguerite Balfour They each have their own secret agendas they each have their own reasons with one out to disgrace and destroy the other out to decide if his country should become involved in the Englishmen s plot They each are very much in the other s way especially when their mutual attraction threatens to make Thomas suspicious of the men he has come to see As one after the other they appear to fall into disgrace he comes to believe there can be only one person who could be pulling the strings making the puppets dance to her tune Marguerite But why Follow along as Marguerite s well laid plans unfold as Donovan can only try to earn her trust becoming more concerned for her safety with every passing day
