chapters covering the emergent Eco criticism and the re emerging Narratology **Hypnosis Between Science and Magic**
 Isabelle Stengers,2024-11-14 What if judgment returned to the craft of magic How would that relieve the burdens of critique
 and realign its priorities These questions regarding the value of magic to thinking are at the very heart of the acclaimed
 philosopher of science Isabelle Stengers political and philosophical thought and her insistence that the smoke of the burned
 witches still hangs in our nostrils Now in the first English translation of this classic text Hypnosis Between Science and
 Magic provides an entry point to the work of Isabelle Stengers who has so originally and forcefully shifted how we think
 about the history of ideas The book focuses in on an area of her thought that has recurred throughout her career the
 presumed antagonism between magic and science and especially the evacuation of magic from all that is thought to be
 scientifically valid **Research in Education** ,1971 *Handbook on Animal-Assisted Therapy* Aubrey H Fine,2015-05-12

 Schmidt,2013-05-28 Caribbean Diaspora in the USA presents a new cultural theory based on an exploration of Caribbean
 religious communities in New York City The Caribbean culture of New York demonstrates a cultural dynamism which
 embraces Spanish speaking English speaking and French speaking migrants All cultures are full of breaks and contradictions
 as Latin American and Caribbean theorists have demonstrated in their ongoing debate This book combines unique research
 by the author in Caribbean New York with the theoretical discourse of Latin American and Caribbean scholars Focusing on
 Caribbean religious communities including Cuban Puerto Rican Santer a Regla de Ocha Haitian Vodou Shango Orisha Baptist
 from Trinidad and Tobago and Brazilian Pentecostal church Schmidt s observations lead to the construction of a cultural
 concept that illustrates a culture in an ongoing state of change with more than one form of expression depending on situation
 time and context Showing the creativity of religions and the way immigrants adapt to their new surroundings this book fills a
 gap between Latin American and Caribbean Studies **Technolingualism** James Pfrehm,2018-01-25 Since the earliest

days of our species technology and language have evolved in parallel This book examines the processes and products of this age old relationship a phenomenon we re calling technolinguism the mutually influential relationship between language and technology One the one hand as humans advance technology to master control and change the world around us our language adapts More sophisticated social cultural practices give rise to new patterns of linguistic communication Language changes in its vocabulary structures social conventions and ideologies Conversely and this side of the story has been widely overlooked the unique features of human language can influence a technology s physical forms and technical processes Technolinguism explores the fascinating ways past and present by which language and technology have informed each other s development The book reveals important corollaries about the universal nature of language and most importantly what it means to be human From our first babbling noises to the ends of our lives we are innately attuned to the technologies around us and our language reflects this We are all of us technolinguists
