Kaufman,2017-12-04 Within eight turbulent months in 1974 Gerald Ford went from the United States House of Representatives where he was the minority leader to the White House as the country s first and only unelected president His unprecedented rise to power after Richard Nixon s equally unprecedented fall has garnered the lion s share of scholarly attention devoted to America s thirty eighth president But Gerald Ford s 1913 2006 life and career in and out of Washington spanned nearly the entire twentieth century *Ambition Pragmatism and Party* captures for the first time the full scope of Ford s long and remarkable political life The man who emerges from these pages is keenly ambitious determined to climb the political ladder in Washington and loyal to his party but not a political ideologue Drawing on interviews with family and congressional and administrative officials presidential historian Scott Kaufman traces Ford s path from a Depression era

childhood through service in World War II to entry into Congress shortly after the Cold War began He delves deeply into the workings of Congress and legislative executive relations offering insight into Ford s role as the House minority leader in a time of conservative insurgency in the Republican Party Kaufman s account of the Ford presidency provides a new perspective on how human rights figured in the making of U S foreign policy in the Cold War era and how environmental issues figured in the making of domestic policy It also presents a close look at the 1976 presidential election emphasizing the significance of image in that contest and extensive coverage of Ford s post presidency In sum *Ambition Pragmatism and Party* is the most comprehensive political biography of Gerald Ford and will become the definitive resource on the thirty eighth president of the United States *Just Asking* Stuart McAlpine,2018-08-28 We need to state the obvious prayer is about asking If we deny dilute or diminish that the bones of our prayer lives will suffer from spiritual osteoporosis Prayerlessness is a failure to ask and keep on asking Isn t it obvious what asking is about Perhaps but that is precisely why it is taken for granted and not even mentioned in most books about prayer and if it is it is treated as if it were a lesser and lower form of prayer equated with the immature requests of a child Nothing could be further from the biblical truth Asking is not simple prayer Prayer is simply asking The assumption is that asking will be transcended by more mature forms so prayer is presented in an ever increasing number of levels which seem to make the climb to the throne ever more arduous and unattainable Just Asking is just about asking The majority of books about prayer discuss any number of kinds of prayers in general Asking is all that this book talks about specifically It invites you into a comprehensive biblical study of asking and then encourages you to just do it After all it was Jesus who said Ask and you will receive and then repeated the invitation no less than six times in his last conversation with his disciples Aren t last words important Why can we ask with confidence What makes for effective asking Read this book and let s just ask together On Bended Knee Crickett Keeth,2019-06-04 Want More From Your Prayer Life If you re dissatisfied in your prayer life wanting to be more consistent in prayer or looking to deepen your intimacy with God then this 8 week Bible study was written for you It examines the prayers of eight biblical characters and teaches you how to pray like the prayer warriors who went before you You ll study Jesus A Model Prayer Paul A Prayer of Intercession Job A Prayer of Despair Hannah A Prayer of Longing David A Prayer of Lament Asa A Prayer of Seeking God Jehoshaphat A Prayer of Dependence Nehemiah A Prayer of Boldness Follow in the footsteps of these spiritual giants and discover anew what our loving God does with a little faith and a whole lot of prayer You ll love studying these scriptural prayers like the prayer of Asa Then Asa called to the Lord his God and said Lord there is no one besides You to help in the battle between the powerful and those who have no strength so help us O Lord our God for we trust in You and in Your name have come against this multitude O Lord You are our God let not man prevail against You 2 Chron 14 11 **Just the Three of Us** Narciso S. Albarracin Jr. M.D.,2023-01-12 The book is about the author s childhood during World War 2 his pursuit of a medical vocation establishing a career in America raising a family and facing the challenges of the enterprise of

Federal Register, 2013-09 **Succession to the Throne in Early Modern Russia** Paul Bushkovitch, 2021-03-18 This revisionist history of succession to the throne in early modern Russia from the Moscow princes of the fifteenth century to Peter the Great argues that legal primogeniture never existed the monarch designated an heir that was usually the eldest son only by custom not by law Overturning generations of scholarship Paul Bushkovitch persuasively demonstrates the many paths to succession to the throne where designation of the heir and occasional elections were part of the relations of the monarch with the ruling elite and to some extent the larger population Exploring how the forms of designation evolved over the centuries as Russian culture changed and in the later seventeenth century made use of Western practices this study shows how when Peter the Great finally formalized the custom in 1722 by enshrining the power of the tsar to designate in law this was not a radical innovation but was in fact consistent with the experience of the previous centuries

Britain and Terrorism Michael Dunning, 2021-06-22 Challenging the standard paradigm of terrorism research through the use of Norbert Elias s figurational sociology Michael Dunning explores the development of terrorism in Britain over the past two centuries focusing on long term processes and shifting power dynamics In so doing he demonstrates that terrorism as a concept and designation is entwined with its antithesis civilization A range of process sociological concepts are deployed to tease out the sociogenesis of terrorism as part of Britain s relationships with France Ireland Germany the Soviet Union the industrial working classes its colonies and most recently jihadism In keeping with the figurational tradition Dunning examines the relationships between broad macro level processes and processes at the level of individual psyches showing that terrorism is not merely a thing done to a group but part of a complex web of interdependent relations
