heartbreakingly clear in this compelling and at times angry manifesto virtually nothing has changed Drawing on his experience at ground zero of the international humanitarian aid movement Bolton provides a simple succinct but comprehensive guide to the complex reality of the aid industry in Africa What really happens to your aid money Where does the money go How do globalization and trade regulations exacerbate the problem How do government agencies waste and squander your money In part the memoir of a dedicated idealistic aid worker and in part a frustrated and angry jeremiad of a jaded political bureaucrat Giles Bolton's *Poor Story* is a clarion call to everyone in the West to wise up to the reality of international aid and a passionate and heartfelt plea to effect change and real relief before it is too late
