Landscapes Of Wisdom:

Hierophantic Landscapes Richard Leviton, 2011-09-26 The Earth is poised to make a great disclosure Its a hierophant But whats a hierophant A person who reveals the holy light But it can also be a landscape or a planet And whats the holy light It is the structure of reality and consciousness a map of the heavenly realms the engineering blueprint of Creation Some people call this imminent disclosure the Apocalypse and run for cover But that is mistaken Apocalypse means the revelation of the divine revelation It means the end of our picture of the world as we know it The world itself will be fine even better than fine Splendid Illumined The Architect of reality lays down His cards face up and you see the whole deck Here is the truth of yourself and the Earth How will this disclosure work What we call sacred sites and holy landscapes will start revealing themselves in full to us in all their geomantic and visionary richness Thats the inner patterning of their design their arrays of Light temples and subtle palaces primed for our visionary adventures and edification The Earth needs us to have these adventures and visions because thats how we keep the planet healthy Hierophantic Landscapes visits five landscapes from Norway and England to California and Mexico providing firsthand reports on the visions and adventures of a small band of geomancers as they seek to unravel the mysteries of the Earth Maybe not such a small band because along the way we encounter angels landscape devas Nature Spirits and otherworldly mentors and revel in vistas of the ancient past of the Earth when that revelation was as fresh as a sunrise as it will soon be again **Rediscovery of Cultural Landscapes in**

Southern China Wallace P.H. Chang, 2023-04-28 This book investigates the concept of human landscape in rural settlements in Southern China where communities and their cultural landscapes are facing contemporary challenges following a period of rapid urbanization in the last 50 years While metropolitan cities such as Hong Kong are experiencing accelerated urban development underpopulated rural villages are struggling to maintain the cultural heritage of their regions Rediscovery of Cultural Landscapes in Southern China provides a detailed account into indigenous living cultures in traditional rural settlements upon natural landscapes Beginning with an overview of the theoretical framework the book presents six unique cases including Tai O Yim Tin Tsai Lai Chi Wo Nga Tsin Wai Cangdong and Meinong while illustrating a relevant comparison between Hakka and Satoyama landscape systems The spectrum of theoretical and case analyses allows for a rethinking of the evolving cultural landscape s positioning with valuable heritages in the context of a post industrial society The book is written towards reinterpreting the cultural landscape by conceptualizing the human landscape for scholars practitioners and students interested in rural cultural conservation and revitalization heritage management traditional architecture and landscape planning and urban rural development *Primordial Landscapes, Incorruptible Bodies* Dag Øistein Endsjø, 2008 As the first monk in the desert Antony became an early Christian superstar eclipsing his many ascetic predecessors The introduction of asceticism into the wilderness also represented an encounter between Christian and Hellenistic ideas For centuries Greeks had considered the uncultivated geography intrinsically primordial a chaotic place where man struggled to

remain human The wilderness represented an eternal ordeal where man always faced fierce beasts disorder and death but also where simultaneously he could attain boundless wealth wisdom and even physical immortality Through Athanasius of Alexandria s fourth century biography of Antony we learn how the Christian appropriation of Greek ideas on geography bodies and immortality raised asceticism to an entirely new level Placed in his uncultivated landscape Antony became a true martyr an athlete of God and a holy man able to retrieve the bodily incorruptibility lost in the Fall which all Christians could look forward to at the end of times In this way Athanasius employed a traditional Greek worldview to demonstrate the superiority of Christianity over Paganism which never promised ordinary people anything but an eternal existence as dead and disembodied souls
