The Hybrid Teacher
 Emma Pass, 2021-07-14. A practical educational technology resource for educators teaching remotely or in the classroom. The most effective hybrid teachers are those that have a vast knowledge of instructional strategies, technologies, tools, and resources and can masterfully build meaningful relationships with students in person and through a screen. The Hybrid Teacher: Using Technology to Teach In Person and Online will teach educators to leverage the technology they have access to both in their traditional brick and mortar classrooms and in remote learning environments including established online and hybrid schools, emergency response models for pandemics, natural disasters, rural education, and connecting with students who can't make it to school. Many of us had to adapt to online teaching during the COVID-19 pandemic, but we still need resources for optimizing our instruction and becoming the best teachers we can be. This book is a practical guide for teachers who want to prepare for current and future remote instruction or leverage the best practices of remote instruction and EdTech tools to bring back to their brick and mortar classrooms. Inside you'll learn about the impact of social and economic differences on classroom technology and you'll find strategies and advice for maximizing success in each situation. Learn how best to leverage technology in traditional brick and mortar and remote classrooms with case studies of the hybrid school model. Gain tips and techniques to ensure that your teachers, students, and parents have the skills to succeed with technology. Discover strategies for setting norms and expectations and transitioning between online and traditional learning. Put into place proven methods for accountability and assessment of classroom successes. Gain resources to the most effective educational technologies available today in multiple subject areas including English language arts, science, math, social studies, visual arts, dance, drama, music, and general education. View sample lesson plans for how to implement tools into your classroom, build culture and community, and adapt for different learners. Given the current push to remote teaching during the pandemic and the uncertainty over what the return to school and the traditional brick and mortar

classroom will look like The Hybrid Teacher will be an invaluable resource on the shelves of teachers and administrators alike

Teaching Classics with Technology, 2019-06-13 The impact of ICT on the teaching of classical languages literature and culture has not until now been extensively described and evaluated Nevertheless educational technology has made a huge difference to the ways in which Classics is taught at junior senior and college level The book brings together twenty major approaches to the use of technology in the classroom and presents them for a wide international audience It thus forms a record of current and developing practice promotes further discussion and use among practitioners teachers learners and trainers and offers suggestions for changes in pedagogical practices in the teaching of Classics for the better The many examples of practice from both UK and US perspectives are applicable to countries throughout the world where Classics is being taught The more traditional curricula of high school education in the UK and Europe are drawing more and more on edutech whereas educational jurisdictions in the US are increasingly expecting high school students to use ICT in all lessons with some actively dissuading schools from using traditional printed textbooks This book presents school teachers with a vital resource as they adapt to this use of educational technology in Classics teaching This is no less pertinent at university level in the UK and US where pedagogy tends to follow traditionalist paradigms this book offers lecturers frameworks for understanding and assimilating the models of teaching and learning which are prevalent in schools and experienced by their students
