Searching for Hope Matthew Tully, 2012-02-24 A gritty wonderfully honest investigation of life in an urban American high school in the 21st Century Jay Mathews Washington Post education columnist Searching for Hope is a gripping account of life in a once great high school in a rough Indianapolis neighborhood Granted unfiltered access to Manual High throughout an entire school year award winning journalist Matthew Tully tells the complex story of the everyday drama failures and triumphs in one of the nation's many troubled urban public high schools He walks readers into classrooms offices and hallways painting a vivid picture of the profound academic problems deep frustrations and apathy that absorb and sometimes consume students teachers and administrators Yet this intimate view also reveals the hopes dreams and untapped talents of some amazing individuals Providing insights into the challenges confronting those who seek to improve the quality of America's schools Tully argues that school leaders and policy makers must rally communities to heartfelt engagement with their schools if the crippling social and economic threats to cities such as Indianapolis are to be averted While the book offers no unfamiliar insight into the plight of urban schools it does give a powerful ultimately genuine voice to the complicated imperfect individuals whose victories and hopes are often unreported Publishers Weekly This keen observation of teens at a troubled high school makes for fascinating reading Library Journal
