Business Information Sources Lorna M. Daniells, 1976-01-01 Annotated bibliography and guide to sources of information on business and management includes material relating to

accounting taxation computers and management information systems insurance real estate business marketing personnel management labour relations etc **Corporate Citizen** Oonagh E. Fitzgerald, 2020-10-06 The contributors to Corporate Citizen explore the legal frameworks and standards of conduct for multinational corporations In a globalized world governed by domestic and international law these corporations can be everywhere and nowhere at once reaping financial benefits and enjoying the protections of investor state arbitration but rarely being held accountable for the economic environmental and human rights harms they may have caused Given the far reaching power and success of the transnational corporation and the many legal tools allowing these companies to avoid liability how can governments protect their citizens Broad ranging in perspective colourful and thought provoking the chapters in Corporate Citizen make the case that because the success of corporate global citizenship risks undermining national and international democratic governance the multinational corporation must be more closely scrutinized and controlled in the service of humanity and the protection of the natural environment Measuring Business Interruption Losses and Other Commercial Damages Patrick A. Gaughan, 2020-06-23 Measure business interruption losses with confidence You hope for the best and plan for the worst It s your job But when the unimaginable happens are you truly prepared for those business interruption losses Measuring Business Interruption Losses and Other Commercial Damages is the only book in the field that explains the complicated process of measuring business interruption damages after you ve been hit by the unexpected whether the losses are from natural or man made disasters or whether the performance of one company adversely affects the performance of another Understand the methodology for how lost profits should be measured Deal with the many common types of cases in business interruption lawsuits in commercial litigation Take a look at exhibits tables and graphs Benefit from updated data case studies and case law references Don t get caught off guard Get ahead of planning for measuring your interruption losses before disaster strikes Student Problem Manual for Use with Essentials of Corporate Finance, Third Edition [by] Stephen A. Ross, Randolph W. Westerfield, Bradford D. Jordan Thomas H. Eyssell, 2001 Investment Decisions and the Logic of Valuation Carlo Alberto Magni, 2020-02-11 This book presents a new approach to the valuation of capital asset investments and investment decision making Starting from simple premises and working logically through three basic elements capital income and cash flow it guides readers on an interdisciplinary journey through the subtleties of accounting and finance explaining how to correctly measure a project s economic profitability and efficiency how to assess the impact of investment policy and financing policy on shareholder value creation and how to design reliable transparent and logically consistent financial models The book adopts an innovative pedagogical approach based on a newly developed accounting and finance engineering system to help readers gain a deeper understanding of the accounting and financial magnitudes learn about new analytical tools and develop the necessary skills to practically implement them This diverse approach to capital budgeting allows a sophisticated economic analysis in both absolute terms values and relative terms rates of return and is applicable to a wide range of economic entities including real

assets and financial assets engineering designs and manufacturing schemes corporate financed and project financed transactions privately owned projects and public investments individual projects and firms As such this book is a valuable resource for a broad audience including scholars and researchers industry practitioners executives and managers as well as students of corporate finance managerial finance engineering economics financial management management accounting operations research and financial mathematics It features more than 180 guided examples 50 charts and figures and over 160 explanatory tables that help readers grasp the new concepts and tools Each chapter starts with an abstract and a list of the skills readers can expect to gain and concludes with a list of key points summarizing the content
