Managing Projects as Investments Stephen A. Devaux, 2014-09-18 Due to a lack of appreciation of the true economic identity of projects techniques and metrics

that could hugely improve project selection and performance are not being used This book provides insights and innovative techniques drawn from more than a quarter century of experience These techniques have the potential to transform program and project management from the current haphazard application of various techniques and metrics to an incisive and integrated approach where programs and projects are managed for the crucial economic and financial implications that are at the essence of every project investment

Investment Basics Explained Gideon Fairchild,AI,2025-03-03 Investment Basics Explained offers a comprehensive introduction to the world of investing designed to empower beginners with financial literacy and the confidence to manage their financial futures The book demystifies complex concepts such as stocks bonds mutual funds and real estate explaining their potential returns and associated risks It emphasizes the importance of understanding economic theories and cycles to inform investment decisions highlighting how these cycles can significantly impact investment performance The book progresses from core investment concepts to practical strategies like diversification and dollar cost averaging illustrating each with historical data and examples It uniquely blends established economic theories with real world applications enabling readers to grasp the underlying principles of risk management and portfolio diversification By connecting investment strategies to broader fields like psychology and political science Investment Basics Explained provides a holistic view of the investment landscape helping readers build a solid foundation for long term sustainable investing

The United States Catalog ,1921 **Corporate Finance: The Basics** Terence C.M. Tse,2017-08-31 Corporate Finance The Basics is a concise introduction to the inner workings of finance at the company level It aims to take the fear out of corporate finance and add the fun in presenting the subject in a way that is simple to grasp and easy to digest Its aim is to explain and demystify the essential ideas of corporate finance avoiding the heavy use of maths and formulae The calculations and figures in the book are purely to illustrate fundamental concepts appealing to readers common sense rather than stretch their ability to do number crunching Topics covered include Financial statements through the corporate finance lens How to make investment decisions Cash versus profit Net working capital management How to determine the value of a business Through the use of a subject map this book explains how the key components of the subject are connected with each other strengthening the reader s understanding This book is the ideal introduction for anyone looking for a short yet scholarly overview of corporate finance

Understanding the Economic Basics and Modern Capitalism Dan Blatt,2014-09-24 UNDERSTANDING of the economic successes and failures of the past century and today begins here Dan Blatt after almost a half century of accurate published economic forecasts examines history s most important economic works He shows why capitalist market mechanisms successfully raise billions out of poverty and why socialist and other administered alternatives flourish briefly and then collapse UNDERSTANDING begins with the basic texts An Inquiry into the Nature and Causes of the Wealth of Nations by Adam Smith The Principles of Political Economy and Taxation by David Ricardo Capital Das Kapital by Karl Marx The General Theory of Employment Interest and Money by John

Maynard Keynes Capitalism Socialism and Democracy by Joseph A Schumpeter The analysis is readily comprehensible for college level readers and busy professionals The style facilitates speed reading and scanning but with liberal inclusion of quoted material covering the key ideas and most famous passages Understanding the Economic Basics and Modern Capitalism is your source for rapid familiarity with these basic works and the reasons for the repetitive failure of current economic policies
