Luther Calvin Teresa of Avila George Fox Blaise Pascal Henri Nouwen A W Tozer John McLaren John Shelby Spong Richard Rohr and Marcus Borg Reading their works reminds us that Christian literature is most practical and inspirational when it takes a narrative approach to theology interpreting the spiritual journey through the ongoing stories of people and communities rather than trying to capture timeless truths analytically or through rational argumentation Like its companion texts *Wading on Water* *Deep Splendor* and *Deeper Splendor* this volume is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection

Vande Kappelle, 2020-02-17 Contrary to popular culture the goal of life is not happiness but meaning Those who seek happiness by trying to avoid or finesse conflict suffering doubt and change will find life increasingly superficial Feeling good is a flawed measure of life but living meaningfully is transformative for then one is living a developmental rather than a regressive agenda The ego does whatever it can to make itself comfortable whereas spirituality is about wholeness *Adventures in Spirituality* represents the culmination of Dr Vande Kappelle's forty year teaching career incorporating in one volume his views on topics as varied as theology Christology biblical interpretation spirituality ethics world religions religion and science faith and reason and church history Reared in Costa Rica the son of missionary parents Dr Vande Kappelle describes his journey from belief to faith as a transition from precritical to postcritical understanding from evangelical Christianity to what he calls alternative orthodoxy Narrating the shift from first to second half of life experience he introduces readers to core principles that shaped his values thinking and way of life Useful for individual or group study *Adventures in Spirituality* encourages readers to take risks with their lives and faith affirming that this is how one grows spiritually

Religion as Art Form Carl L. Jech, 2013-05-09 If you find books such as Richard Dawkins The God Delusion compelling but your faith heritage is also important to you this book shows how you can affirm both Taking a cue from Marcus Borg s contention that scriptural literalism is for many people a major impediment to authentic spirituality Carl Jech describes how all religion can and should be much more explicit about its symbolic metaphorical and artistic nature With a particular focus on mortality and the relationship of humans to eternity the book affirms a postmodern understanding of God as ultimate eternal Mystery and of spirituality as an artistic w holistic visionary and creative process of becoming at home in the universe as it really is with all its joys and sorrows Religion as Art Form is a must read for those who think of themselves as spiritual but not religious

**Securing Life** Robert P. Vande Kappelle, 2016-06-02 Securing Life represents a novel yet timely approach to reading and understanding the Bible While reverence for the Bible and respect for its authority remain high in our society biblical illiteracy misinterpretation and selective reading place us at risk The Bible seems to have a conserving effect on conservative readers a moderating effect on moderate readers and a liberating effect on liberal readers Do biblical texts contain conserving and liberating messages simultaneously Should biblical texts be limited to specific meaning and perspective acceptable by all or do they contain multiple levels of meaning While this book addresses these questions it does not approach the Bible as an answer book but rather as a collection of books multifaceted in nature its enduring purpose being to provide us with perspective for living faithfully and fully through the stages and seasons of our lives in harmony with God nature others and self Rather than starting chronologically with creation followed by accounts of the patriarchs the exodus the conquest and the monarchy this book follows a compositional approach used by the Yahwist an unknown author in Judea who composed Israel s first religious epic Like the Yahwist this book moves backward from Covenant through Community to Creation but because it includes the New Testament it moves forward to New Covenant through New Community to New Creation A chapter is devoted to each topic These motifs are preceded by five preparatory chapters three dealing with introductory matters one with biblical theology the doctrine of God and one with biblical anthropology the doctrines of sin and salvation Utilizing the contributions of three disciplines biblical introduction biblical theology and biblical interpretation Dr Vande Kappelle demonstrates that the Bible like religion in general has both a conserving and liberating effect providing perspective for formation and for transformation

*Mercer Dictionary of the Bible* Watson E. Mills, Roger Aubrey Bullard, 1990 Jesus Christ in History and Scripture highlights two related bases for the

current revolution in Jesus studies 1 a critically chastened world view that is satisfied with provisional results and 2 a creative or poetic use of the sources of study of Jesus      **Our Church Life** ,1906      Jacob Boehme John Yost Stoudt,2004-10-08 Jacob Boehme the German religious mystic of the late sixteenth and early seventeenth centuries had an astounding influence on the history of Western philosophy The impact of his thought left its mark on such men as Hegel Schopenhauer Nietzsche Bergson Heidegger and especially through his ideas concerning creation and evil he was a power in the speculative theology of the nineteenth century This fresh study of Jacob Boehme s life and writings not only presents a concrete and vivid picture of Boehme s personal affairs and of the spiritual situation of Protestant Germany more than three hundred years ago it also demonstrates for the first time the development and growth of Boehme s thought Utilizing new biographical sources and newly discovered manuscripts the author has in addition analyzed Boehme s speculative system in its mature form after he had worked through his strange symbolic language to a more traditional synthesis This is an objective examination of Boehme s life and thought It avoids depicting him either as a heaven blessed saint or a Baroque Faust On the basis of the evidence now available Dr Stoudt offers a new portrait of Boehme as the proponent of a theology that stresses feeling and intuition instead of reason and intellect As Paul Tillich states in his Foreword to this volume John Stoudt s book will be a help to all philosophers and theologians who desire an introduction to one of the most profound and strangest systems of Western thought strange in comparison to the prevailing method of modern philosophy profound in comparison with much theism in modern theology
