**Smithsonian Institution. Office of
Education and Training**

Ethnohistory Of The High Plains:

Ethnohistory of the High Plains James H. Gunnerson, 1988 James and Dolores Gunnerson's ethnology of the high plains is a companion volume to the 1987 work by Dr Gunnerson entitled *Archaeology of the High Plains* These two documents are part of a joint USDI Bureau of Land Management BLM and Forest Service USDA project to provide an overview of the archaeology and ethnology in an area encompassing eastern Colorado western Kansas northeastern New Mexico and parts of Texas and Oklahoma

Ethnohistory of the High Plains James Gunnerson, 2015-01-03 In broad outline native occupation of the Central High Plains can be summarized as follows The area west of the eastern foothills of the Rocky Mountains in south central Colorado was dominated throughout the historic period by Utes who joined the Comanche bands after 1706 to make forays onto the plains The Central High Plains was dominated by Apaches during the 1500s and 1600s with other tribes crossing in or entering the plains only incidentally

Great Plains Ethnohistory Rani-Henrik Andersson, Logan Sutton, Thierry Veyrié, 2024-12 This collection offers state of the field work in Great Plains ethnohistory both contemporary and historical covering the traditional anthropological subfields of ethnography culture history archaeology and linguistics

The Destruction of the Bison Andrew C. Isenberg, 2000 This study first published in 2000 examines the cultural and ecological causes of the near extinction of the bison

Denver Sarah M. Nelson, 2009-01-02 A vivid account of the prehistory and history of Denver as revealed in its archaeological record *Denver An Archaeological History* invites us to imagine Denver as it once was Around 12 000 B C groups of leather clad Paleoindians passed through the juncture of the South Platte River and Cherry Creek following the herds of mammoth or buffalo they hunted In the Archaic period people rested under the shade of trees along the riverbanks with baskets full of plums as they waited for rabbits to be caught in their nearby snares In the early Ceramic period a group of mourners adorned with yellow pigment on their faces and beads of eagle bone followed Cherry Creek to the South Platte to attend a funeral at a neighboring village And in 1858 the area was populated by the crude cottonwood log shacks with dirt floors and glassless windows the homes of Denver's first inhabitants For at least 10 000 years Greater Denver has been a collection of diverse lifeways and survival strategies a crossroads of interaction and a locus of cultural coexistence Setting the scene with detailed descriptions of the natural environment summaries of prehistoric sites and archaeologists knowledge of Denver's early inhabitants Nelson and her colleagues bring the region's history to life From prehistory to the present this is a compelling narrative of Denver's cultural heritage that will fascinate lay readers amateur archaeologists professional archaeologists and academic historians alike

Archeology of the High Plains James H. Gunnerson, 1987

Great Plains Ethnohistory Rani-Henrik Andersson, Thierry Veyrié, Logan Sutton, 2024-12 *Great Plains Ethnohistory* offers a collection of state of the field work in Great Plains ethnohistory both contemporary and historical covering the traditional anthropological subfields of ethnography cultural history archaeology and linguistics As ethnohistory matured into an interdisciplinary endeavor in the 1950s with the formation of the American

Society for Ethnohistory historians and anthropologists developed scholarly methodology for the study of Native American societies from their own points of view Within this developing framework Native cultures of the Great Plains represented a foundational research area Great Plains Ethnohistory pays intellectual debts to Raymond J DeMallie and Douglas R Parks whose research from the 1970s onward brought ethnohistorical approaches to the study of Native cultures histories and languages into the international community of the humanities and social sciences sciences and arts The work of the scholars assembled in this volume advocates for an ethnohistory that continues to decompartmentalize Indigenous knowledge and scholarly methodologies including some of the constructs biases and prejudices perpetuated within traditional scholarly disciplines Including essays by Gilles Havard Joanna Scherer Sebastian Braun Brad KuuNUx TeeRIt Kroupa and DeMallie and Parks themselves among others plus an afterword by Philip J Deloria this is an essential contribution to the scholarly field and a volume for undergraduate and graduate students and scholars who study Native American and Indigenous cultures

Archaeology of the High Plains James H. Gunnerson, 1987 Monthly Catalog of United States Government Publications United States. Superintendent of Documents, 1989 February issue includes Appendix entitled Directory of United States Government periodicals and subscription publications September issue includes List of depository libraries June and December issues include semiannual index

Across the Northern Frontier Phil Carson, 1998 In lean swift moving prose Across the Northern Frontier chronicles the compelling adventures of the Spaniards who ventured north from colonial New Mexico into the unknown and their contacts and conflicts with Native Americans The narrative takes the reader along on those dangerous frontier expeditions for diplomacy trade and war North of colonial New Mexico the northernmost province of New Spain loomed the region s highest mountains seemingly limitless plains moving black hills of buffalo and a bewildering maze of mesas and canyons held by disparate and often hostile native peoples Few journeys across the frontier were routine for they included unpredictable encounters with natives and exposure to the hazards of the wild Water and its scarcity influenced every decision Expedition leaders routinely kept journals of their often momentous travels and those that survive provide rich detail on the new lands and strange peoples Spanish explorers exerted a profound influence on the subsequent history of the present day states of New Mexico and Colorado a legacy not fully documented until now as well as Texas Kansas Arizona and Utah Colorado s people their cultural practices place names and even occasional artifacts all attest to this early Spanish influence

International Handbook of Historical Archaeology Teresita Majewski, David Gaimster, 2009-06-07 In studying the past archaeologists have focused on the material remains of our ancestors Prehistorians generally have only artifacts to study and rely on the diverse material record for their understanding of past societies and their behavior Those involved in studying historically documented cultures not only have extensive material remains but also contemporary texts images and a range of investigative technologies to enable them to build a broader and more reflexive picture of how past societies communities and individuals operated and behaved Increasingly historical archaeology refers

not to a particular period place or a method but rather an approach that interrogates the tensions between artifacts and texts irrespective of context In short historical archaeology provides direct evidence for how humans have shaped the world we live in today Historical archaeology is a branch of global archaeology that has grown in the last 40 years from its North American base into an increasingly global community of archaeologists each studying their area of the world in a historical context Where historical archaeology started as part of the study of the post Columbian societies of the United States and Canada it has now expanded to interface with the post medieval archaeologies of Europe and the diverse post imperial experiences of Africa Latin America and Australasia The 36 essays in the International Handbook of Historical Archaeology have been specially commissioned from the leading researchers in their fields creating a wide ranging digest of the increasingly global field of historical archaeology The volume is divided into two sections the first reviewing the key themes issues and approaches of historical archaeology today and the second containing a series of case studies charting the development and current state of historical archaeological practice around the world This key reference work captures the energy and diversity of this global discipline today

The Oxford Handbook of North American Archaeology Timothy R. Pauketat, 2012-02-23 The Oxford Handbook of North American Archaeology reviews the continent's first and last foragers farmers and great pre Columbian civic and ceremonial centers from Chaco Canyon to Moundville and beyond

Ethnohistory, 1986 *American Encounters* Peter C. Mancall, James Hart Merrell, 2000 A collection of articles that describe the relationships and encounters between Native Americans and Europeans throughout American history

Heritage of the Great Plains, 1980 Contains articles on the literature language folklore history art and music of the Great Plains **Smithsonian Research Opportunities** Smithsonian Institution. Office of Education and Training, 1967

Reader's Guide to American History Peter J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

Transforming Ethnohistories Sebastian Felix Braun, 2013-08-26 Anthropologists need history to understand how the past has shaped the present Historians need anthropology to help them interpret the past Where anthropologists and historians needs intersect is ethnohistory The contributors to this volume have been inspired in large part by the teaching and writing of distinguished ethnohistorian Raymond J DeMallie whose exemplary combination of ethnographic and archival research demonstrates the ways anthropology and history can work together to create an

understanding of the past and the present Transforming Ethnohistories comprises ten new avenues of ethnohistorical research ranging in topic from fiddling performances to environmental disturbance and spanning places from North Carolina to the Yukon The authors seek to understand communities by finding and interpreting their stories in a variety of different texts some of which lie outside academic understanding and research methodology It is exactly those stories conventionally labeled myths or oral tradition that ethnohistorians demand we pay attention to Although historians cannot see or talk to their informants as anthropologists do both anthropologists and historians can listen to oral histories and written documents for the essential stories they contain The essays assembled here use DeMallie s approach to contribute to the history and anthropology of Native North America and address issues of literary criticism and contexts sociolinguistics performance theory identity and historical change historical and anthropological methods and theory and the interpretation of histories cultures and stories Debates over the legitimacy of ethnohistory as a specialization have led some scholars to declare its decline This volume shows ethnohistory to be alive and well and continuing to attract young scholars *The Lipan Apaches* Thomas A. Britten, 2011-02-15 This study of one of the least known Apache tribes utilizes archival materials to reconstruct Lipan history through numerous threats to their society *A Forest of Time* Peter Nabokov, 2002-02-25 Publisher Description

Ethnohistory Of The High Plains Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change. Such may be the essence of the book **Ethnohistory Of The High Plains**, a literary masterpiece that delves deep to the significance of words and their impact on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
