Fiction and Philosophy in the Zhuangzi Romain Graziani, 2021-01-14 Brimming with mythical imagination poetic sallies and often ferociously witty remarks the Zhuangzi is one of China s greatest literary and philosophical masterpieces Yet the complexities of this classical text can make it a challenging read This English translation leads you confidently through the comic scenes and virtuoso writing style introducing all the little stories Zhuangzi invented and unpicking its philosophical insights through close commentaries and helpful asides Romain Graziani opens up the text as never before showing how Zhuangzi uses the stories as an answer to Mencius s conception of sacrifice and self cultivation restoring the critical interplay with Confucius Analects and guiding you through the themes of the animal world sacrifice political violence meditation illness and death In Graziani s translation the co founder of Taoism emerges as a remarkable thinker a dedicated disparager of moral virtues who stubbornly resists any form of allegiance to social norms and the only Warring States figure to improvise with the darkest irony on the weaknesses of men and their docile subservience to the unquestioned authority of language For anyone coming to Chinese philosophy or the Zhuangzi for the first time this introduction and translation is a must read one that reminds us of the importance of thinking beyond our limited everyday perspectives *Beyond the Troubled Water of Shifei* Lin Ma, Jaap van Brakel, 2019-05-21 In recent decades a growing concern in studies in Chinese intellectual history is that Chinese classics have been forced into systems of classification prevalent in Western philosophy and thus imperceptibly transformed into examples that echo Western philosophy Lin Ma and Jaap van Brakel offer a methodology to counter this approach and illustrate their method by carrying out a transcultural inquiry into the complexities involved in understanding shi and fei and their cognate phrases in the Warring States texts the Zhuangzi in

particular The authors discuss important features of Zhuangzi's stance with regard to language meaning knowledge doubt questioning equalizing and his well known deconstruction of the discourse in ancient China on shifei Ma and van Brakel suggest that shi and fei apply to both descriptive and prescriptive languages and do not presuppose any fact value dichotomy and thus cannot be translated as either true false or right wrong Instead shi and fei can be grasped in terms of a pre philosophical notion of fitting Ma and van Brakel also highlight Zhuangzi's idea of walking two roads as the most significant component of his stance In addition they argue that all of Zhuangzi's positive recommendations are presented in a language whose meaning is not fixed and that every stance he is committed to remains subject to fundamental questioning as a way of life

The Chinese Chameleon Revisited Zheng Yangwen 郑阳文, 2014-09-01 By examining how the Middle Kingdom has been portrayed by foreigners and the Chinese themselves this volume advances a new perspective in our reading and interpretation of the Chinese past by placing these producers and presenters of China in the spotlight The chapters probe how these figures produced or presented the country cross examining their backgrounds and circumstances Their gaze upon the Middle Kingdom was dictated by religious and political conviction but also particularly by the consumers of that gaze Like invisible hands producers and consumers of China continue to constrain representations of the country looming larger than the literary artistic or journalistic works they produce This volume also addresses scholars of Europe and America who have overlooked what Western writers on China reveal about their own contexts which is indeed often more than they reveal about their ostensible subject As such the Middle Kingdom serves as a convenient mirror to reflect European and American anxieties and ambitions

Ecologies in Southeast Asian Literatures: Histories, Myths and Societies Chi P. Pham, Chitra Sankaran, Gurpreet Kaur, 2019-09-09 Ecocriticism in relation to the Southeast Asian region is relatively new So far John Charles Ryan's *Ecocriticism in Southeast Asia* is the first book of its kind to focus on the region and its literature to give an ecocritical analysis that volume compiles analyses of the eco literatures from most of the Southeast Asian region providing a broad insight into the ecological concerns of the region as depicted in its literatures and other cultural texts This edited volume furthers the study of Southeast Asian ecocriticism focusing specifically on prominent myths and histories and the myriad ways in which they connect to the social fabric of the region Our book is an original contribution to the expanding field of ecocriticism as it highlights the mytho historical basis of many of the region's literatures and their relationship to the environment The varied articles in this volume together explore the idea of nature and its relationship with humans The always problematic questions that surround such explorations such as why do we regard nature as external or how is humankind a continuum with nature emerge throughout the volume either overtly or implicitly As Pepper 1993 points out what Karl Marx referenced as first or external nature gave rise to humankind But humanity worked on this first nature to produce a second nature the material creations of society plus its institutions ideas and values Pepper 108 Thus our volume constantly negotiates this field of ideas and belief systems in diverse ways and in various cultures attempting to relate them

to the current ecological predicaments of ASEAN It will likely prove an invaluable resource for scholars and students of ecocriticism and more broadly of Southeast Asian cultures and literatures
