Carey Anthony Watt, Michael Mann

Gandhism Doom Of The Untouchables:

What Congress & Gandhi Have done to the Untouchables Dr. Baba Saheb Ambedkar, 1946 **Dr. Ambedkar** Dhananjay Keer, 1995 *Civilizing Missions in Colonial and Postcolonial South Asia* Carey Anthony Watt, Michael Mann, 2011 *Civilizing Missions in Colonial and Postcolonial South Asia* offers a series of analyses that highlights the complexities of British and Indian civilizing missions in original ways and through various historiographical approaches. The book applies the concept of the civilizing mission to a number of issues in the colonial and postcolonial eras in South Asia: economic development, state building, pacification, nationalism, cultural improvement, gender and generational relations, caste and untouchability, religion and missionaries, class relations, urbanization, NGOs and civil society. **Riddles of Belonging** Christi A. Merrill, 2009-08-25. Can the subaltern joke Christi A. Merrill answers by invoking riddling oral based fictions from Hindi, Rajasthani, Sanskrit and Urdu that dare to laugh at what traditions often keep hidden: whether spouse abuse, ethnic violence or the uncertain legacies of a divinely wrought sex change. Herself a skilled translator, Merrill uses these examples to investigate the expectation that translated work should allow the non-English speaking subaltern to speak directly to the English speaking reader. She plays with the trope of speaking to argue against treating a translated text as property, as a singular material object to be carried across, as *trans latus* implies. She refigures translation as a performative telling in turn from the Hindi word *anuvad* to explain how a text might be multiply possessed. She thereby challenges the distinction between original and derivative fundamental to nationalist and literary discourse, humoring our melancholic fixation on what is lost. Instead, she offers strategies for playing along with the subversive wit found in translated texts. Sly jokes and spirited double entendres she suggests require equally spirited double hearings. The playful lessons offered by these narratives provide insight into the networks of transnational relations connecting us across a sea of differences. Generations of multilingual audiences in India have been navigating this Ocean of the Stream of Stories since before the 11th century, arriving at a fluid sense of commonality across languages. Salman Rushdie is not the first to pose crucial questions of belonging by telling a version of this narrative; the work of non-English language writers like Vijay Dan Detha, whose tales are at the core of this book, asks what responsibilities we have to make the rights and wrongs of these fictions come alive age after age. *Gandhi and Gandhism* Bhimrao Ramji Ambedkar, 1970 *A Comprehensive, Annotated Bibliography on Mahatma Gandhi* Ananda M. Pandiri, 2007-02-28. Few figures in the twentieth century have been as inspirational as Mohandas Mahatma Gandhi. Interest in this extraordinary man has produced a massive amount of printed material, making Ananda M. Pandiri's comprehensive bibliography an invaluable reference tool for scholars and students. Pandiri has meticulously searched printed and electronic indexes, publisher's catalogs and university libraries throughout India, Britain and the U.S. to compile a complete bibliography of sources in the English language. This volume is organized and cross-referenced for easy use and access to a voluminous amount of information. Features include: More than 4700 entries comprising books, pamphlets, seminars, government records and other
