Christian Parenting David P. Setran, 2022-06-21 What can the past teach us about what it means to be a good Christian parent today Today s parenting guidance can sometimes feel timeless and inviolable especially when it comes to the spiritual formation of children in Christian households But even in the recent past parenting philosophies have differed widely among Christians in ways that reflect the contexts from which they emerged In this illuminating historical study David Setran catalogs the varying ways American Protestants envisioned the task of childrearing in the seventeenth eighteenth and nineteenth centuries Comparing two main historical time periods the colonial era and the Victorian era Setran uncovers common threads opposing viewpoints and the cultural and religious influences behind the dominant parenting postures of each era The implications of his findings matter for today s big questions about parenting Should children be viewed as basically good in need of protection from corruption or as fundamentally sinful in need of moral correction How should parents address misbehavior Should a parent s primary role be that of teacher disciplinarian or nurturer What importance should be attributed to devotions and prayer church involvement Sabbath keeping home decorating and fun family activities What consideration should be given to gender Should boys and girls be raised differently Do mothers and fathers have essentially different responsibilities As he surveys these historical perspectives Setran reflects on the legacy and future of Christian parenting concluding that the Protestant heritage encourages the importance of intentional devotional practices the development of close parent child bonds and the creation of godly household environments In the end he argues that all of these historical values are critical to the full expression of Christian parental love This is a love that teaches because it

wants to help children understand true goodness that admonishes and restrains because it wants to protect children from whatever keeps them from true pleasure and joy that fosters strong relationships so children might experience the lavishness of God's love that models Christlike sacrifice and guides children into the arms of their Creator **Christian Parenting**

101 Annie Cooper, 2018-04 Any wrong foundation given to a child can create an indelible stigma in his/her character. The Bible clearly told us that children are the heritage from the Lord Psalm 127:3. It also teaches that we must train up a child in the way he should go so that when he is old he will not depart from it Proverbs 22:6. Many parents and homes are suffering today as a result of neglect and failure to train up their children when they were young as the scripture said. In view of this many parents have been asking where have we gone wrong or what have we not done for our children that make some of them behave the way they are behaving today i.e. being stubborn, rude, arrogant and harmful to their parents and society. This book is an educative and informative guide to parents. The author of this family companion has succeeded at explaining the fundamentals and essential requirements for child upbringing. It is very difficult to go through this little but great book without being sorry for your past mistakes and failures. Many parents have ignorantly sent their children into the waiting arms of destroyers as they thought their problems were too hard to manage and this has made many children to send their parents to their untimely grave as they also confess that their parents contributed to their present state of moral failure. In this book titled Christian parenting you will see some qualities or ingredients you will add in training your children. By God's grace you will see certain things you think does not matter but matter a lot in child training. You will also see things to avoid and things to do in training your children. How to pray for your children more effectively, how to care for babies knowing the psychology and techniques used in handling them. This book is written to help families, young people, churches and the society at large in their contributions and what they ought to do in training a child. I pray that this book through God will bring answer to the question How to handle a stubborn child in Jesus name Amen **Your Boy** Vicki Courtney, 2012-07 Guides

These books and their authors have had a significant media presence and have only grown in popularity over the years. This book brings together scholars from religious studies, science, sociology of religion, sociology of science, philosophy and theology to engage the new atheism and place it in the context of broader scholarly discourses. This volume will serve to contextualize and critically examine the claims, arguments and goals of the new atheism so that readers can become more informed of some of the debates with which the new atheists inevitably and at times unknowingly engage. Contributors include Richard Harries, Reza Aslan, Amarnath Amarasingam, Robert Platzner, Jeffrey Robbins, Christopher Rodkey, Rory Dickson, Steve Fuller, William Sims Bainbridge, William A. Culture V. Christ Charles J. Prichard,2014-05-13 What has happened to the American Christian church Divorce rates are skyrocketing children are not being raised to fear God and follow His commands and families are being ripped apart The truth is that all areas of our life get twisted when we stray from the perfect guidance and laws of the Word of God When we avoid looking at these important life subjects through the lens of the gospel we fall flat on our faces As a society we have developed so many different nuances that contradict Gods Word There are many people in the church who have looked to culture and have conformed to the godless patterns of this world Why do we so easily fall into the temptation to justify our sins and excuse our shortcomings Is it possible that many born again Christians are missing the mark more often than they think Are there many who do not have a biblical understanding on how they should live raise a family or cultivate a marriage who wander through life casually and turn to culture for guidance advice and encouragement and then wonder why their marriages or families crumble as soon as hardships arise who believe in Christ but have ultimately decided to follow culture instead This is a call for families all over the world to flee from sin and live radically for Jesus Christ At the authors request all royalties will be given to help orphans and widows around the world through nonprofit Christian organizations
